

IDENTIFY  
life cab service  
this way

you wouldn't think of ac-  
ing a check without making sure  
signature!

every time one hails a cab,  
entrusts something far more pre-  
than dollars and cents to the care  
stranger—his personal safety—  
of his loved ones.

has taken years of en-  
or to make YELLOW  
OWN & WHITE on cab doors the  
nature of safe service. It has taken  
ful selection and "weeding out"  
se some 500 courteous young fel-  
as drivers—men whom we can  
implicitly to uphold high stand-

thinking men and wo-  
always focus their attention on the  
DR of a cab before they hail the  
er—knowing that either emblem  
a much lower rate, meter receipt  
action, the last word in comfort-  
safety always.

Be sure either name is  
on the door

Yellow  
Cab

## OUR HISTORY IN PICTURES

XII—Balboa Discovers the Pacific

by J. CARROLL MANSFIELD

IN 1513, VASCO DE BALBOA, CAME FROM SPAIN TO EXPLORE THE ISTHMI OF PANAMA. THE INDIANS RECEIVED HIM AND HE SHOWED THEM FRIENDSHIP FOR THE FIRST TIME. THEY GAVE HIM PRESENTS OF GOLD AND SILVER.

THE AMERICAN DISCOVERED THE PACIFIC OCEAN. HE WAS THE FIRST EUROPEAN TO SEE THE OCEAN. HE WAS THE FIRST TO CLIMB THE MOUNTAINS OF PANAMA AND HE WAS THE FIRST TO CLIMB THE MOUNTAINS OF PANAMA.

BALBOA FAILED TO FIND THE PROMISED GOLD, BUT HE WAS THE FIRST EUROPEAN TO SEE THE PACIFIC OCEAN. HE WAS THE FIRST TO CLIMB THE MOUNTAINS OF PANAMA AND HE WAS THE FIRST TO CLIMB THE MOUNTAINS OF PANAMA.

MAP ILLUSTRATING BALBOA'S DISCOVERY OF THE PACIFIC OCEAN. THE ISTHMI OF PANAMA WAS THE FIRST TO CLIMB THE MOUNTAINS OF PANAMA.

A complete set of these daily history strips makes a unique pictorial history of America. Hundreds are clipping them daily and pasting them in scrapbooks.

## AMERICAN GOLD STORE REDUCED

Export to India and Australia Unusually Large

Month's Shipments Heaviest Since War Outbreak

Federal Reserve Cites Return of Money from Abroad

NEW YORK, Jan. 29.—The export movement of gold from the United States was swelled more than \$17,000,000 by unusually heavy shipments to India and Australia. Today's engagements, constituting the heaviest daily movement since the outbreak began early in December, brought the month's total exports to approximately \$15,000,000, a figure unparalleled since the outbreak of the World War.

Since December 1, last, the United States' export of gold has been reduced by about \$12,000,000.

India took the bulk of today's scheduled gold shipment, \$9,225,000, and new loads all countries with a total exceeding \$15,000,000 so far this month. Heavy exports to this country have followed the rise in the merchandise export balance to the heaviest since 1919.

Exchange operations also have figured in the movement of gold to India and Australia. Consignments to the latter country, which began only recently, exceeded \$4,000,000 today. Some of the shipments will be routed via San Francisco. The smallest portion of today's export movement was destined for continued points in Europe.

With gold flowing out from the United States in steady volume, the Federal Reserve Bank reported at the same time a continued return of American currency from abroad. Net receipts in December amounted to \$9,150,000, the largest for any month since program in the stabilization of European currencies resulted in the beginning of this movement last April. More than \$7,000,000 of this currency came from Germany.

Acquittal of Willits Cashier Brings Rebuke

ST. FRANCISCO, Jan. 29.—St. B. Ramsey, former cashier of the First National Bank of Willits, was acquitted today in the United States District Court, on thirty-eight charges of embezzlement of the bank's funds, but was found guilty on a thirty-ninth charge in the indictment, which alleged that he made incorrect reports to the Federal Bank officials. He was fined \$350.

United States District Judge George M. Rosquist of Montana, who is sitting here, criticized the jury for the verdict.

"Your eyes and ears must have been closed when the evidence was being taken," he said.

## HAYS'S RIVALS WANT PERSHING

(Continued from First Page)

GEN. PERSHING REACHES BUREAU CITY ON TOUR

ST. LOUIS, Jan. 29.—Gen. John J. Pershing arrived at St. Louis today on his tour of the West. He will leave for San Francisco tomorrow and will be the guest of the San Francisco State government.

MOST COMPANIES SATISFIED WITH HAYS

Comment among officials in Hollywood yesterday, members of the Motion Picture Producers' and Distributors' Association, did not indicate that other companies might follow the lead of Vitaphone, Inc., in withdrawing from the Hays organization. Most of the companies, many of them the smaller units, which it has been charged, had advanced the charge of discrimination by the "Big Three" of the industry, were inclined to be satisfied with conditions under Hays.

According to Jayne Williams of the Hays-Carlson Pictures Corporation, the Hays organization is not so much a threat to the smaller units as it is a threat to the small distributor. The Hays-Carlson is one of the smaller units and features Rudolph Valentino.

"We are working in perfect harmony with the Hays organization," Mr. Williams said, "and have no kick over the situation. We think that Hays and his management have been a great stabilizing influence in the industry."

Harry Rapf of the Metro-Goldwyn-Mayer studio, one of the so-called "Big Three," said that his company would not withdraw from the Hays organization.

Victor H. Clark, acting general manager of the Famous Players-Lasky studio here, said yesterday morning the Lasky company will be permanently connected with the Hays organization because the officials believe the Hays association has been of great benefit to the whole industry. Clark said that there had been complete harmony in the meeting of the producers' association in Los Angeles.

Other producers who expressed their approval of the Hays association included the Talmaine Productions, featuring Norma and Constance Talmadge, the Buster Keaton Productions, Universal Film Company, D. W. Griffith, Inc., and the Christie Film Company.

Most of the producers, however, refused to comment on the distributing end of the picture industry, preferring to let that angle originate from their New York offices.

SENATE TO VOTE ON POSTAL BILL

(Continued from First Page)

He asserted that the present bill came within that stipulation.

The rate increase proposed in the bill would become effective April 15, this year, and expire February 15, 1926, and in the meantime a survey would be conducted of postal rates with a view to enactment of a permanent rate reduction affecting them at the next session.

RATE CHANGES

The rate changes in the bill as now approved are as follows:

First-class rates for private mailing cards and souvenir post cards would be increased from 1 to 2 cents.

Second-class—Reading matter of publications would be charged 1 1/2 cents a pound, except for religious, scientific, educational and philanthropic periodicals, which enjoy the 1 1/2-cent rate.

Advertising matter of publications would be charged 3 cents a pound for the first two zones, and 5 cents for the third zone, the same as now, but with a 1-cent reduction on the last two zones.

Religious, scientific, educational and philanthropic publications would be allowed the present rate of 1 1/2 cents a pound.

Third class—The limit of weight of packages eligible for this service would be increased from 8 to 16 ounces, except for books, catalogues and seeds.

Fourth class—A service charge of cents on all packages except those originating on rural routes would be charged. A special delivery service with a charge of 25 cents on each package would be created. No changes in the present rate of 1 1/2 cents a pound.

Increases recommended by the Postoffice Department in the rates on money orders, registered mail, special delivery and collect-on-delivery and insurance services would be made.

ANDERSON FAILS TO GET DISCHARGE

ANTI-SALOON LEADER STALLS OUT ON PAROLE

(ST. A. P. NEWS WIRE)

OSBORNE (N. Y.) Jan. 29.—The State Board of Parole, meeting at Sing Sing prison today, refused to grant William H. Anderson, former superintendent of the Anti-Saloon League of New York State, the discharge from parole which he requested recently.

"The application is denied," said George Denham of Auburn, chairman of the board, "on the ground that it is against the policy of the board to discharge prisoners from parole at a time less than one year, unless the maximum sentence expires before such date."

Anderson was sentenced to Sing Sing for one to two years for forged entries on the league's books. His release last December was fifteen months prior to the expiration of the maximum sentence, and he therefore was ordered under parole.

## VIEWS GIVEN OIL BOARD CONFLICT

More and Less Regulation in Industry Urged

Standard Company is Center of Hot Controversy

Officials Refuse to Comment on Data Received

(Continued from First Page)

been stored for as long that the value has greatly deteriorated.

COMMENT ON REFUSAL IN REQUESTED BY OFFICIALS

WASHINGTON, Jan. 29.—Officials of the Oil Conservation Board declined tonight to discuss in any way the replies which have reached them from oil operators, to whom the board's questionnaire was distributed.

The board takes the position that much highly confidential information is contained in the oil men's letters. It is not the plan to make any part of them public or to reveal the content of the suggestions which eventually are adopted.

When the returns from the questionnaire are complete, the board will make a canvas of the whole situation with a view to formulating a government oil policy acceptable alike to the public and to the oil industry.

Meantime, however, officials do not intend to discuss publicly the feasibility of any of the proposals submitted. They would not comment on the replies which have been received, or the views expressed in the replies whose contents became known in New York.

SENATE TO VOTE ON POSTAL BILL

(Continued from First Page)

He asserted that the present bill came within that stipulation.

The rate increase proposed in the bill would become effective April 15, this year, and expire February 15, 1926, and in the meantime a survey would be conducted of postal rates with a view to enactment of a permanent rate reduction affecting them at the next session.

## LA FOLLETTE MEN IGNORED

(Continued from First Page)

Representative Longworth interrupted Mr. Follette and asked him whether any members of the Wisconsin delegation had gone into other States and advocated the election of Democratic candidates for Congress.

"I do not know," replied Follette. "I speak only for myself. I know I did not."

OPPOSED REPUBLICANS

The gentleman, however, spoke against the interests of the Republican ticket," said Longworth.

"I speak only for myself. I know I did not."

"The thought of the gentleman from Wisconsin was that the time was ripe to take and disrupt not only the Republican party, but the Democratic party," said Representative Wood.

"The verdict of the people, which is after all, the best balance of power and the best prediction of what should be the future, prevailed against the efforts of these gentlemen."

Wood recalled that last fall he had some doubt as to the Republican party controlling the next House, but that the Republicans have a majority of twenty-five over all.

"These gentlemen who are now professing their Republicanism have no sufficient ground in the past to justify their professions of loyalty," he continued. "He added that the election of President Coolidge was a rebuke to men who professed to be Republicans and who were attempting 'the destruction of the very fundamentals of this government.'"

Democrat of Texas, if the insurgents would be admitted to the Republican caucus, Wood said: "I want to say it is always best to repeat. If these gentlemen will come back and ask for admittance to the caucus, they will be admitted."

Representative King, Republican of Illinois, asked where Wood got his authority for refusing an invitation to the caucus to any Republican member of the House.

"I have no right whatever to refuse an invitation to any Republican member of this Congress but I have the right to consider who are Republicans by their acts and not by their professions," Wood replied.

Wood said he believed Col. Roosevelt would have admitted that the Bull Moose movement was the "great mistake of his life."

"Roosevelt," he added, "came back penitent and confessed in several speeches to tell me that those gentlemen (the insurgents) should come in here and sit down at the feet of the victors and enjoy the vestige of the victory beyond any justification."

When King insisted that Wood cut his authority to "read any body out of the Republican caucus," the Indiana member replied: "I have no authority except that which is given me by a reasonable amount of common sense and judgment."

"I think in this case the gentleman has overruled the amount," retorted King.

FLORAL STANDS ON WALK MOVED INSIDE

(ST. A. P. NEWS WIRE)

SAN FRANCISCO, Jan. 29.—The floral stands that have made the corner of Third and Kearney streets fragrant for half a century are to disappear. The stands are to move indoors, their owners have leased a store in the building that overlooked the sidewalk bower.

## WOMAN WINS IN WHEAT PIT

(Continued from First Page)

woman who has cleaned up handsomely in the present market. Around the Board of Trade it is said that Ethel Comstock, who conducts an advertising and letter-writing service bearing her name, saw something in the wheat market last August that wise men of the pit had overlooked. So she drew \$150 from her bank account and bought wheat. Then she bought more wheat. This morning she went into the pit and emerged with between \$30,000 and \$50,000, just how much she declined to say, and she still has faith in wheat.

"Only once did I take a loss," she said today, in defense of her judgment in buying last August, "and that was for only \$700."

Because of the soaring price of wheat, bread and flour prices in Europe and the record peace-time price of wheat here, the inevitable move to pass and millers are showing up the price of flour. Best grades of flour were advanced 30 cents a barrel today, meaning \$11.85 a barrel to grocers. This, of course, means a higher price for bread, or probably smaller loaves for the present price, but its influence will probably be felt in pie, cakes and all other food articles into which wheat, rye or corn enter.

The market was the wildest ever experienced in the trading here. Fluctuations being so rapid that it was impossible for brokers to execute orders at a figure near the asked price.

After the opening prices fell sharply, the May futures touching \$2.10 before the selling was could be arrested. The market met with good support on the break and prices went back to \$2.20, but weakened again with the closing prices showing a loss of 1-4 cents for May at \$2.14 1-4 and 1-4 cents for July at \$2.12 1-4.

"We did not do a thing last year when wheat prices were way lower than the cost of production to prevent the prices from declining, so why should we do anything this year to stop prices from going higher?" asked a Minister of Agriculture.

WHEAT TAKES DROP ON WINNIPEG EXCHANGE

ST. A. P. NEWS WIRE

WINNIPEG, Jan. 29.—The speculative wheat bubble was pierced on the Winnipeg Grain Exchange today when shortly after a weak opening an avalanche of selling orders sent prices downward as rapidly as Wednesday's bullish movement had sent them up. The low point reached during the session showed a loss of approximately 10 cents.

The market was the wildest ever experienced in the trading here. Fluctuations being so rapid that it was impossible for brokers to execute orders at a figure near the asked price.

Riverside Only 10 to 15 Minutes Away.

Deep, Rich Soil, Easily Worked and Irrigated, With  
Perfect Drainage, Adapted to Growing  
Almost Any Crop

Situated in Heart of One of Wealthiest and Most Pros-  
perous Districts in the Famous Citrus Empire.

### Rare Bargains in Most Desirable Type of Southern California Suburban Home Sites

This opportunity to own a beautiful and highly-improved homestead in the beautiful Riverside District, famous as the cradle of the California citrus industry, is offered as a result of the LIQUIDATION SALE being conducted by the English owners of this noted fruit property to close out their California holdings at once to realize quick cash.

The 5600 acres comprising the Arlington Heights Fruit Company Estate was purchased thirty years ago by a group of wealthy Englishmen. The acreage was selected by horticultural experts as being the cream of the land in the great citrus district in Southern California—the Riverside district, which for a century has maintained its pre-eminence for heavy production and high quality of fruit. The Gage Canal System, which furnishes water for irrigating the acreage, is one of the best and most dependable water supplies in the State and, during a quarter of a century since its construction, has never known a water shortage. The water system is owned by the land holders. With every acre sold we give two shares of stock in the water company, these having a present cash value of \$125 per share. The only water cost here is the land owner's pro rata share of upkeep and distribution of the water, making one of the lowest irrigation costs to be found in any district in Southern California.

The owners of the Estate spent \$4,000,000 in developing and improving the property, planting groves of selected tree stock and using the most approved methods of cultivation to bring them to the highest point of production. They built forty miles of boulevard through the Estate, with miles upon miles of ornamental shade trees of many kinds, varied semi-tropical shrubbery and rose hedges, making the property in effect a beautiful park.

### Liquidation Sale to Dispose of Holdings of Heirs

The original owners of this famous fruit property operated the citrus groves for a quarter of a century, building their own packing houses, which are served by railroad spurs. They made it one of the largest and most profitable fruit estates in the Riverside district. These plants will continue to market the fruit.

Today these men are all dead. Their heirs, living in England, recently decided to turn their holdings in this State into cash in as short a time as possible, and instructed their Los Angeles agents to subdivide the groves in tracts of five acres or more and put them on the market, regardless of value, at prices that would make immediate action certain.

The result has been one of the most sensational sales in the history of Southern California lands. These choice groves are being offered at from 30% to 50% of their actual value. The property is being disposed of for what the bare land and water rights alone would be worth. The fully matured, heavy-yielding groves, the splendid irrigation system and the costly improvements developed through years of time and millions in money, go free to the buyer. Sales have been rapid and the chance to get any of this acreage at the prices quoted will very soon have passed.

### Orange Grove Bargains

We have included in the property remaining for sale a few of the finest orange groves with main boulevard frontage at the original liquidation price of \$1000 per acre, which is half, or less than half, of the prices being asked for groves of similar quality elsewhere in the Riverside district.

We have also as a special bargain a limited acreage of unplanted land with full water rights, suitable for growing almost any crop that thrives in this climate. This is specially priced for quick sale.

To avoid disappointment, investigate this opportunity to own an ideal home site in one of the best districts of Southern California at once. Call at our office for full details, or phone or mail the coupon. We will gladly drive you to Riverside to inspect the property.

The Arlington Heights Fruit Company Estate is only two hours by automobile from the center of Los Angeles.

### GOOD BUSINESS ERA PREDICTED

Advertising Man's Report  
Forecasts Prosperity

Prospects for 1925 Are  
Better Than 1924

California Conditions Are  
Good Despite Drought

DETROIT, Jan. 29.—Business prospects are better for 1925 than business conditions were in 1924, Theodore G. Morgan, Montreal, Can., chairman of a committee of the National Advertising Commission, told that body here today in a report ordered by a convention of the commission in Chicago last October.

The National Advertising Commission is a department of the Associated Advertising Clubs of the World, representing all of the allied advertising interests. The report, he declared, was made up from nationwide reports from business men, most of them in close touch with the industrial, economic and financial conditions in their respective neighborhoods. Farmers are in better condition than they have been since 1919, he declared, and manufacturing is in better condition. The retailer, however, can help extend the better condition to the pocketbooks of the average man and woman, was his conclusion.

MUST HELP EUROPE  
"If we are to prosper we must help Europe," he said, "and to help her we must have a review of different sections. If we are to increase our export trade we must make Europe once more a buying power and keep her a buying power we must be conversant with her problems and a certain sympathy toward international affairs."

The farmer and manufacturer have earned a reputation in production, Mr. Morgan said, "and the farmer and the business man have put their house in order, and are looking forward to better times with better profits. The manufacturer has suffered the most, largely because of the need to re-align his whole plant production methods to meet the conditions of smaller stock carried in this post-war time."

The retailer has not shown the needed improvement which would naturally have been expected, but this goes to prove that while conditions at his base are fundamentally better, he has not been for several years, these conditions have not as yet reached the pocketbooks of the average man and woman.

SLOW IN EAST  
The extraordinary stock movement of the past two months has not yet affected industrial conditions of the country to any marked extent, he declared.

Conditions in the East show "the slowest recovery," he said, "and even fall of 1924, according to the reports of Mr. Morgan."

The reports from sections indicated the following conditions as summarized by the speaker: Middle West—Improvement in agricultural area most outstanding feature. Purchase of railroad equipment to show increase of at least 15 per cent. Shoes, iron and chemical industries are distinctly on the up-grade. Clay products and general electrical lines expect a large volume. Machine tool industry is reviving, and woodworking machinery is in demand.

SECTION REPORTS

Northwest (Minnesota, Dakota and Montana)—Minnesota leads the area with a gain in agricultural conditions of 43 per cent over a year ago. North Dakota shows 14 per cent and Montana 12 per cent.

South and Southwest—Conditions possibly most optimistic of all. Cotton and crop and stock raising are excellent, while building conditions are such that the district has the most optimistic outlook. Lumber also shows improvement.

West—Rocky Mountain section report shows conditions good. Northwest coast not so good as a year ago in some sections. California conditions good in spite of direct twelve months in construction. Wholesale lumber and farming industry in better condition.

Money is abundant in the banks of almost all of the sections of the country, according to Morgan, and this he believed was the work of creating better business conditions throughout the year as it means lower interest rates and thus wider circulation.

### James Hensley Will be Buried at Washington

The body of James H. Hensley, an official in the United States Pension Bureau for forty years, who died suddenly of heart disease in his room at the Biltmore Tuesday, was sent last night to Washington, D. C., by Edwards Brothers, undertakers, for burial.

Mr. Hensley was 74 years of age and a Civil War veteran. He was prominently identified with the Masonic order and was reputed to be wealthy. There are no immediate members of his family alive. A sister died at Rockwood, Tenn., last Sunday.

Returning from the government service only recently, Mr. Hensley came to Los Angeles for a visit about six weeks ago.

The body was consigned to the Mt. Vernon Cemetery at Washington, D. C.

### BRADY NAMED NEVADA PROHIBITION CHIEF

RENO (Nev.) Jan. 29.—Nevada will not be under the supervision of Director Goff at San Francisco in the prohibition law-enforcement work, a dispatch received by the Reno Evening Gazette this afternoon says. The news is confirmed in a telegram from United States Senator Odell of Nevada.

George W. Brady, Sheriff of Humboldt county, has been selected by Commissioner Blair of the United States Internal Revenue Office at Washington as prohibition director in Nevada, according to Senator Odell.

## DAY DREAM FACE POWDER

The kind that "stays on." Economical  
as well as delightful . . . Only 50c

Consistent attention to internal cleanliness is the price of good health. Practically every ailment the human constitution is subject to can be directly traced to a clogged condition of the bowels.

INNER-CLEAN, the new natural herb-vegetable compound perfected by Prof. Arnold Binkley, comes as a mercurial boon to constipation sufferers. A delightfully pleasant blend of aromatic herbs, its efficiency is not through artificial stimulants of inactive qualities but through the healthful vibrations of nature's own foods. It thoroughly cleanses and rejuvenates the system, relieves the bowels of hard, dry, and irritating masses, and fully restores them to normal activity. Non-habit forming. Pleasant taste. **FEATURING AT ALL "BIG D" DRUG STORES.**  
50c—per package—50c

Day Dream Perfume, Talcum, Cold Cream, Toilet Water, Rouge—all at your "Big D" Drug Store.

Try them. The fragrance is irresistible.

## WRIGHT-ACT WORK IS HIT BY OPINION

Webb Ruling Will Throw  
All Special Enforcement  
Men Out, it is Stated

BY A. P. MURPHY WIRE  
SACRAMENTO, Jan. 29.—Enforcement of the Wright Act in many counties of the State was dealt a blow today when Atty. Gen. U. S. Webb, in an opinion filed here, ruled that sheriffs cannot be allowed special deputies for such work. The ruling, it is asserted, will be far-reaching in effect.

The opinion was given in answer to a query by Dist. Atty. J. C. Hurley of Mendocino county, in which he questioned the legality of appointing special deputies. "Under the terms of the ruling, it was stated, all sheriffs' special prohibition enforcement officers will be thrown out of office."

This code provision, the opinion pointed out, includes only the personal expense of the sheriff and does not include the salaries of men who by virtue of their activities become "illegally appointed deputy sheriffs." According to the ruling, county sheriffs are allowed only a certain number of deputies and must keep their forces of men within this number.

LOCAL COUNTY IS  
THOUGHT NOT AFFECTED  
Los Angeles County Under Sheriff Bessie Hensley, informed of the ruling last night said:

"While I have not the entire opinion before me, I venture the guess that it does not affect Los Angeles county."

Los Angeles is under a special county charter of its own. All the other counties, except the one in which San Francisco is located, are under the State laws governing counties.

Los Angeles county engages its deputy sheriffs through the Board of Supervisors while the other counties, except the one mentioned, have provisions laid down for them, like the number of deputy sheriffs, by the State law.

"We have a dry squad of six men but I'm sure they will not be affected by that opinion, which was given by an ordinary county. I'll ask County Counsel Bishop to find out for us."

## DOHENY AIDS MEXICO WAR ON RADICALS

Oil Man to Confer With  
Government on Way to Rid  
Fields of Communists

BY CABLE-REUTERS WIRE  
MEXICO CITY, Jan. 29.—E. L. Doheny, president of the Huntington Petroleum Company, arrived here today on "company business."

However, it is stated that Doheny's business is with Senator Norcross, Secretary of Labor, and it has to do with recent Communist agitation.

Since the stern attitude against them of the Calles government, the Communists have undertaken a campaign of "educating the workers." The education consists of inciting the workers to constantly increasing demands. Malignant Communist propaganda is permeating the oil fields through agents allied with labor organizations.

When the Communist agents are expelled from the fields others take their place. The radicals hope to keep the fields in a constant state of fermentation through strikes or threats of strikes. Thousands of copies of the Communist organ, "El Machete," are distributed through the oil fields in furtherance of the plan.

El Machete is filled with violent tirades against President Calles, Senator Norcross, the oil companies, American imperialism in Mexico, the Mexican government's desertion of labor, the American Federation of Labor and the Mexican Federation of Labor.

The work of undermining organized labor and American and English capital is continuing. The radicals are threatening new strikes in the Corona, Tuxtepec, Huasteca and other oil companies' districts.

Mr. Doheny's visit is said to be for the purpose of finding a way to combat the Communist activities and ridding the oil fields of all secret radical agents.

The Catholic Church, alarmed at the Communist activity, has decided to reorganize its episcopal territories, placing young new bishops in centers having large labor populations.

## EXTENSIVE LINES YUMA (Ariz.) Jan. 29.—The Yuma Utilities Company, in extending its line to the Mexican border, now is serving the towns of Somerton and Gadsden, south of this city, with electric light and power.

RUM RAID AT FORMER  
D. W. GRIFFITH ESTATE  
BY A. P. MURPHY WIRE  
NEW ROCHELLE (N. Y.) Jan. 29.—Nineteen men were arrested and three automobiles carrying 140 cases of Scotch whisky seized in a raid on the D. W. Griffith estate at Mamaroneck. The estate, scene of numerous motion pictures, was recently said to private individuals.  
TWO MARRIAGES  
EVERETT  
Two marriages were celebrated in the city of Everett, Wash., last night. The first was that of Miss Mary Smith and Mr. John Doe, and the second was that of Miss Jane Doe and Mr. John Smith.

# Duncan and Mitchell Subdue Statz and Halstead at San Gabriel

## PLAY TODAY AT GRIFFITH PARK

British Pros Appear Against Nunally and Morrison

Match at San Gabriel Brings Out Assorted Thrills

Play Second Rounds Today in Palos Verdes Tourney

BY CHARLES WEST

A match in which tremendous driving and sensational putting figured strongly found George Duncan and Abe Mitchell the victors 1 up after eighteen holes of warm competition yesterday afternoon on the links of the San Gabriel Country Club, Arnold, Statz and Professional Grant Halstead, who represented the home talent, being downed in an excellent match which was followed by a large gallery.

The match was a decided success from the spectators' standpoint, in spite of the fact that the visitors were the victors, for it had all the elements which go to make up an entertaining contest. Halstead and Statz are the longest-driving team the Brits have faced in Southern California, and with the four of them riding the ball close to 300 yards from every green, the excitement of the gallery got its money's worth. Add to that numerous sensational putts, flourishing of birdies and eagles and the fact that the San Gabriel pair led for awhile, and you have the most important reasons why the gallery golfers enjoyed the afternoon thoroughly.

### LOW SCORING

Duncan and Mitchell had a best ball of 54 for their round, 13 out of 18 in, while Statz and Halstead scored 63. Statz served his purpose early in the match, chipping in dead to the cup for a birdie. Duncan in birdie three on the first, and scoring a birdie four on the fourth for a win. After that he was erratic, leaving Halstead to carry the greater part of the burden, a responsibility which Grant proved himself equal to.

The four counted along, halving holes until the fourth, when Duncan was trapped and Mitchell had an awkward lie under the trees. Mitchell gave some of San Gabriel's oldest members a lesson at this point, turning his back on the green and holding the club with his right hand. Halstead had sliced his second and took a 5, but Statz was within a few feet of the cup in two, and was down in four, which put the British team one down. However, too many putts on the next hole lost the San Gabriel combination this advantage, and the match halved every hole up to the ninth.

Here Duncan ran down a twenty-five-foot putt for a birdie 3, while Mitchell sank a fifty-foot putt on the par five tenth for an eagle 3, and followed it up with a thirty-foot putt on the short sixteenth to a birdie 3—three holes in seven strokes when par is 11.

Three downs and one to go, Halstead stepped conspicuously into the picture at this point. A perfect run-up on the thirteenth gave him a win, and after Mitchell had driven the fourteenth green and taken three putts, Halstead drove a thirty-foot putt to halve the fifteenth hole in birdie with Duncan and save off defeat. Halstead's three on the short sixteenth cut the Brits' lead to only one hole, and he and Duncan divided the seventeenth. On the home hole Mitchell dropped a long putt for a 4 and Halstead was nicely on in two, making a valiant effort to get the birdie which would square the match, and only missed by a fraction of an inch.

### AT GRIFFITH PARK

Duncan and Mitchell will appear in an exhibition on the Warren G. Harding Municipal Links at Griffith Park this afternoon, opening Bob Morrison and Ray Nunally, professionals from the R. H. Dyer Company. Through the courtesy of Harold Dyer, the exhibition will be open free to the public, as will a demonstration of shots at Dyer's seven-foot steel club this noon. Duncan and Mitchell being scheduled to appear and demonstrate their grip and shot and show how to swing a club. The public is invited to watch the British professionals today between 11 a.m. and 12:30 p.m. The match at Griffith Park will start promptly at 1:45 p.m.

### PALOS VERDES

First-round matches in the Palos Verdes Invitational golf tournament were played yesterday, with L. R. Clarke making himself the hero of the day with a 77, scored while eliminating T. A. Stephens, 4 and 5, in a championship fight match. This excellent performance was in spite of a bad fog which made the visibility very poor.

Second-round matches, and first round in the defeated eight will be played today.

Yesterday's results follow:

CHAMPIONSHIP FLIGHT

Starting time 10:30 a.m.

1. L. R. Clarke defeated T. A. Stephens, 1 up.

## Brucewood

## VIKES AND HOLLYWOOD TO TANGLE

Classy Soccer Squads in Feature Tilt Sunday at Loyola Park

SUNDAY'S GAMES

L.A.A.C. vs. Thorns at 11 a.m.

With but two more games to be played after Sunday's contests, the Mercers and Hollywood A.C. have practically clinched their right to participate in the finals. These teams are at present with eighteen points each, their nearest competitor being the Vikings, who have thirteen points. It would be necessary for the Thorns or the Vikings to win every one of the three remaining games and for the leaders to lose one of the games to get out in front. In view of the fact that the club plays the Thorns, a team that is not expected to win, the Vikings are expected to play its way into the finals, but the same taken Hollywood may be relied on to win at least one of its remaining games to get out in front of its rivals.

In many quarters it is believed that the Vikings will prove the hardest hurdle for Hollywood to overcome. Certainly it is that Capt. Doctor Brix to his team working in fine union, and with a world of pep. Each appearance has shown improved form, and even if they can approximate the form displayed in their last two games, the Mercers City boys will have a pack of trouble on their hands.

While the Thorns have had an outside chance of finishing in front, they are never likely to be counted out at least for the present. It will be in the final game, the field a heavy favorite. The Thorns have the "land of the living" and have favored recently, but their record is not so good.

The first-minute entries include:

Thorns: 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 60

## THROGS AT NEW BANK'S EXPOSITION

Thousands See Exhibits  
in Recently Completed  
Hollman Building

Thousands of visitors were entertained yesterday at the first day of the three-day exposition of the Hollman Bank's principal office in the new Hollman Bank Building, Seventh and Spring streets. An exposition of imported art, antiques and rare materials from all sections of the world was arranged by the bank with assistance of seventy-five of the largest importing concerns of the city.

More than 200 floral pieces and bouquets were received from different individuals and companies of Southern California expressing the best wishes of the bankers for the bank in its new quarters. No banking business is yet being transacted at the new office. It was expected by Irving H. Hollman, vice-president, that business will be opened February 2, next, when headquarters of the thirty-three banks will continue in service as a branch of the main institution.

Mr. Hollman, with Vice-Presidents Emanuel Cohen and C. R. Bell, headed a receiving line that included all officials of the bank and several score men and women employees, who acted as guides. All departments of the bank were thrown open to visitors.

The exposition will continue this afternoon and evening and tomorrow until 9 p.m. Among the interesting exhibits were gold dust and nuggets mined in the Feather River district in 1849. This display was under charge of E. A. Speegle, 80 years of age, who describes himself as "a 49'er, son of a 49'er and grandson of a 49'er."

Today will be bankers' day and special invitation has been extended to Southern California bankers to visit the exposition.

**Whereabouts of  
Convicted Seer  
Puzzles Police**

The whereabouts of Mohammed Orta, Hollywood seer, continued yesterday to rival the mysteries with which he dealt so long in his temple of mysticism, 5555 Carleton Way.

Police Judge Pope in a noon promenade way Wednesday found Orta guilty of violating the city ordinance against fortune-telling. Meanwhile, Orta worked a little more magic and nowhere was he to be found.

Not all day yesterday could he be found. At 5 o'clock today, the time within which he must do an appearing act in court, will expire.

After that he will be just an ordinary fugitive from justice, stripped of all mystery but that of his whereabouts.

**AUTOS STOLEN**  
Eleven automobiles were reported stolen here during the past twenty-four hours to the theft bureau of the Automobile Club of Southern California. The list follows:

Chevrolet touring, 500-574; Chevrolet sedan, 220-524; Chevrolet roadster, 742-428; Ford touring, 1-19-411; Chevrolet roadster, 442-185; Ford touring, 428-535; Buick sedan, 409-442; Chevrolet touring, 1-17-545; Chevrolet touring, 1-17-540; Essex coach, 645-074.

## PIGEON SAVES MASTER'S LIFE

Carrier Bird Bares Note  
Calling Surgeon for  
Injured Man

(BY CABLE—EXCLUSIVE DISPATCH)  
LONDON, Jan. 29.—Pigeons were used in an errand of mercy when George Taylor was injured on the tiny island of Alderney, off Ayrshire. Without means of communication with the mainland, first a beacon light failed to attract attention, and then two pigeons were sent with a note asking a doctor be rushed to aid the injured man. The first pigeon never reached its destination, but the second arrived at a small town. The doctor was able to save Taylor's life.

## GLORIA AND HENRI BACK ON 'THE LOT'

Film Work Resumed After  
Celebration of Marital  
Event in Montmartre

(BY HENRY WALES)  
(BY CABLE—EXCLUSIVE DISPATCH)  
PARIS, Jan. 29.—Gloria Swanson and her youthful third husband went back to Montmartre to work this morning, after celebrating their marriage in Montmartre and the Latin quarter last night.

"La Marquise de la Palette de la Cour," is the title of the film which Gloria Swanson will continue to act as interpreter for his beautiful wife during the completion of her film.

"I do not like the rough language some American film directors use and I cannot understand what the French mean by it," said Gloria, explaining to the press her husband's role in the film.

"No, I do not intend to try to make a movie actor out of Henri," she said, "but I will let him make a movie out of me. He is a very interesting man and I am very interested in him."

Gloria's mother declined to receive callers or give any statements today, as her daughter gave strict orders that no more publicity be given to the marriage except that she gives out herself.

Close friends say Gloria's mother only knew of the divorce, which was disclosed yesterday that both Gloria and her new husband are 27 years of age.

Relatives and friends of the Swansons are delighted at the success of the young man's courtship.

Carl White, 19, in a private hospital, declined to comment on the marriage, except to extend her former admirer her best wishes.

## LAUGHLIN'S BETROTHAL ANNOUNCED

Divorced Realty Owner  
Asserts Miss Alsopch is  
His Fiancee

Rumors of the engagement of Homer Laughlin, well-known real estate owner, were verified yesterday by his announcement that he was betrothed to Miss Alta Alsopch, daughter of Mr. and Mrs. R. V. Alsopch, 614 Westmoreland avenue.

"We have no plans," said Mr. Laughlin, "except that when the time comes Miss Alsopch and I will be married. I have known her for about four years, and we are both quite sure of our understanding."

The divorce of Ada E. Laughlin from Homer Laughlin was granted September 25, 1924. They were married at Stanford University, December 28, 1914, and separated February 25, 1922.

**Plan Announced  
for Erection of  
New Showhouse**

Announcement was made yesterday by Michael Gore, president of the West Coast Theaters, Inc., that construction will start in the near future on a theater to be built on the corner of Blauvelt and Main Drive by L. R. Lauterstein and the West Coast Theaters, associated.

The showhouse will seat 1700 persons, and will contain seven stories, thirty apartments and eight offices. Cost is estimated at \$250,000.

**Free Resolution  
for Naval Radio  
Plan Approved**

(BY A. P. MONT WASH)  
WASHINGTON, Jan. 29.—The Free resolution to extend until June 30, 1927, the arrangement by which press dispatches are transmitted by Naval radio between the United States and Hawaii, the Orient, the Philippines and Alaska, was approved today by the House merchant marine committee.

## Essex 6-Coach \$895

Freight and Tax Extra

## None Can Copy Its Chief Value

The Chassis Is Patented

Essex is a totally different type. It gives results no other car ever gave.

Low price, without disappointment in looks or reliability.

Economy without sacrifice of performance.

Stability and highest roadability without unnecessary weight.

The riding ease of large, costly cars. The handling ease of a bicycle. Utter simplicity in design.

The lowest maintenance cost, we believe, of any car in the world.

Two of every three Essex buyers come to it from those who formerly owned cars bought chiefly for their low first price.

Just as the Coach body and Coach name have been extensively copied, even by costlier cars, so must future mechanical design seek to approximate the results Essex gives.

But the patents which make the Super-Six the most enduring, smoothest motor and give it all advantages, also prevent any from copying its qualities.

Surely you cannot be satisfied with less than Essex offers. Its cost is but little more than cars of the lowest price.

## FEARS WIFE IS KIDNAPER

Son-in-Law of John J. Iten Puts Detectives on Trail;  
Sees Plot to Take Baby from State

Harold J. O'Rourke, son-in-law of the late John J. Iten, millionaire blacksmith manufacturer of Omaha, Neb., yesterday employed private detectives to trace his wife and her mother, Mrs. Margaret Iten, whom he said had disappeared, taking with them his 10-month-old daughter.

He expressed the fear that they were seeking to flee the State with the child.

The disappearance is a sequence to a \$100,000 allegation of affection suit which O'Rourke filed last Monday against Mrs. Iten, widow of John J. Iten. Prior to this Mrs. O'Rourke had filed suit for divorce against him.

In employing private detectives yesterday he said that his wife and her mother had last been seen leaving their home with the child Wednesday night. Their failure to return led him to the belief that they were planning to spirit the child out of the State. He obtained a restraining order in Superior Court to prevent them from leaving the confines of California.

In addition to the restraining order he filed suit to regain possession of the baby as legal guardian.

C. O. Bacon, attorney for O'Rourke, told Judge Craig that he believed Mrs. O'Rourke and her mother had left the city with the intention of getting out of the State so that local courts will be powerless to act in the case.

In his allegation of affection suit O'Rourke charged that his wife had interfered in his marital relations with his wife and finally caused the latter to lose her love for him.

Attorneys for Mrs. O'Rourke caused her divorce action to be dismissed, making her the natural guardian of the child and voiding a previous court action in the matter.

## WATER AND DAM RIGHTS DISCUSSED

Rail Commission Calls  
Parley Over San Diego and  
Cuyamaca Problems

(BY A. P. MONT WASH)  
SAN FRANCISCO, Jan. 29.—Meeting at the request of the State Railroad Commission, representatives of opposing interests in water rights in the San Diego River and the dam site of the Cuyamaca irrigation project held a conference today.

President H. W. Brundage of the commission stated that the purpose was to attempt to settle amicably controversies which have been extant for a number of years and to avert further litigation. Certain phases of the dispute, that has arrested development work in the San Diego district, have been in the courts and before the Railroad Commission for some time and one suit is pending in the State Supreme Court.

After today's meeting the statement was made by the commission that the conference is proceeding satisfactorily.

Those present today were, besides members and technical employees of the commission: R. J. Higgins, City Attorney of San Diego; A. F. Wright, Deputy City Attorney; F. A. Rhodes, San Diego City Manager; J. H. Bailey and F. W. Kearns, representing irrigation districts in the county of San Diego; E. A. Fletcher, president of the Cuyamaca Water Company; Charles H. Kern of the same project; H. A. Saunders, Arthur R. Smiley and Claus Spreckels. The last three named represent business and property interests in San Diego.

## PRODUCERS' COMBINE LEGALIZED BY BILL

(EXCLUSIVE DISPATCH)  
OKLAHOMA CITY, Jan. 29.—Community marketing associations, designed to handle all manner of farm products shipped direct from the producer, are created in a bill introduced in the Oklahoma Legislature by Representative Henderson of Pottawatomie county. Central selling agencies would be established over the State to be patronized by the community associations, sales to be under standards of quality, weights and measures furnished by the Agricultural and Mechanical College.

## DESERTED WIFE FREED (EXCLUSIVE DISPATCH)

RENO, Jan. 29.—On grounds of abandonment and nonsupport Mrs. May Lanno has been granted a divorce from Richard Lanno of Santanna, Orange county, Cal. She told District Judge Moran that Lanno had abandoned her and the two small children without cause. Custody of the children were given to the mother.

## SHRINERS AID CHILDREN (EXCLUSIVE DISPATCH)

BREE (Pa.) Jan. 29.—Zem Zem Temple of the Mystic Shrine of this city has become interested in the care of tubercular children and has authorized the expenditure of \$20,000 for a permanent summer camp for them on land donated for that purpose.

## The Starr Piano

DEMAND

—the infallible test of  
public preferences

On this measure of superiority the splendid line of Starr Pianos and Playerpianos leads the world.

Starr pianos and Playerpianos have through their consistent quality inspired such universal demand that the largest factory of its kind on earth has been necessary to produce the numbers called for.

This is a vitally significant fact for all owners of a Starr piano. Investigate further.

FORBES CASE IS  
TO GO TO JURYInstructions Will be Given by  
Court TodayArgument of Government's  
Counsel ConcludedEvidence on Western Trip is  
Reviewed Before Close

(BY A. P. MONT WIRE)

CHICAGO, Jan. 29.—Asst. Atty. Gen. John W. H. Crim completed the closing argument of the prosecution in the trial today with a four-hour review of the government's charges and evidence against former Director Charles R. Forbes and J. W. Thompson, co-defendant, on charges of conspiracy to defraud. The jury will be instructed at the opening of court tomorrow.

Mr. Crim argued that the prosecution evidence had established beyond question that the defendants were parties to a conspiracy to defraud the government, and that only Forbes' inability to deliver prevented the full consummation of the enterprise. He reviewed the evidence bearing upon the western inspection trip of Forbes' party in July, 1932, recalling that Elias H. Mortimer, Thompson's agent, and now chief witness for the government, was a member of the party for more than three weeks, and that Thompson or one of his associates was in the party much of the time. Mr. Crim asserted that Forbes never had made more than a pretense of awarding contracts on the basis of competitive bidding, and that even pretense was abandoned in the case of the granting of the Northampton Foundation contract to Thompson's Pontiac Construction Company.

"He got the vouchers for that job through the Comptroller-General's office," he asserted, "by certifying that the contract was awarded in an emergency."

The prosecution brought the name of Charles F. Cramer, former general counsel of the Veterans' Bureau, into the trial again in arguing that the Pontiac contract was handled in accordance with Forbes' corrupt plans with Cramer's connivance.

CHELSEA BANK REOPENS

(BY A. P. MONT WIRE)

WENATCHEE (Wash.) Jan. 29.—The Miners and Merchants Bank of Chelsea reopened today after being closed on the 10th inst. because of a \$45,000 delinquency of former Cashier C. H. Van Slyke. The \$45,000 shortage was made up by the stockholders.

Nuestro país del futuro progreso de Los Angeles, que en la metrópoli de los Estados Unidos que más cercana se halla a territorio latinoamericano, habrá de depender de las relaciones que logremos establecer con nuestros hermanos, las repúblicas del sur. Para que lleguen a ser enteramente cordiales, no hay nada tan importante como que nuestros ciudadanos se familiaricen con la lengua castellana. Tan solo las nuevas de este hecho nuestros habitantes, que hay al presente más de 25,000 personas que estudian español en Los Angeles. A ellas les conviene leer todos los días esta columna, en la que encontrarán español correcto y castreño moderno.

## NOTAS TELEGRAFICAS

Dobson Ayudará a México a Combatir el Radicalismo

MEXICO, Enero 29.—Hoy, ha llegado a esta capital, el vicepresidente de la Huasteca Petrolera Company, Sr. Eduardo L. Dobson.

Desde que el gobierno de Calles asumió una actitud hostil en contra de ellos, los comunistas han tomado a su cargo la tarea de iniciar una campaña para "educar a los obreros".

La educación consiste en incitar a los trabajadores para que aumenten incesantemente sus exigencias. Una propaganda comunista ingenua está penetrando en los campos petrolíferos, llevada por agentes aliados a las organizaciones obreras.

Cuando los agitadores comunistas son expulsados de las negociaciones petroleras, son prontamente sustituidos por otros. Los radicales confían en poder mantener un constante fermento en los ánimos de los obreros, por medio de las huelgas o amenazas de huelgas.

Millares de copias del órgano comunista "El Machete", son distribuidas entre los trabajadores de las negociaciones de petróleo, como un medio eficaz para ejecutar estos planes.

"El Machete" llena sus columnas con violentos ataques contra el presidente Calles, contra el secretario Morones, contra las compañías petroleras y contra "el imperialismo americano en México", acusando al gobierno de haber traicionado a las clases obreras, y expresándose con dureza de la Federación Americana del Trabajo y de la Confederación Mexicana de Obreros.

La obra de propaganda aminorar los sentimientos al trabajo organizado y al capital americano inglés, es incesante. Los radicales amenazan con nuevas huelgas en La Corona, en Turpan, en la

Huasteca y en otras importantes negociaciones petroleras.

Se dice que la visita del Sr. Dobson es con el propósito de cooperar para que se encuentre un medio de cambiar las actividades comunistas y extirpar de los campos petrolíferos a todos los agitadores secretos, que sirven como agentes de propaganda radical.

La Iglesia Católica está alarmada por las actividades que han desplegado los comunistas, y ha decidido reorganizar sus territorios episcopales, colocando al frente de las diócesis intensamente pobladas por obreros, obispos jóvenes, que puedan contrarrestar las actividades radicales.

Veracruz Escudado de Nuevo por los Terremotos

MEXICO, Enero 29.—Noticias recibidas de Veracruz, informan que se han sentido varios temblores de tierra, en diferentes partes del Estado, durante el día de ayer, y que han durado, desde 5 segundos hasta dos minutos.

La población del Estado es presa del espanto, temiendo que se repitan los acontecimientos trágicos de 1935, que tantas víctimas hicieron, a causa de los fuertes movimientos sísmicos que hubo en él.

La población del puerto de Veracruz fue la más aterrorizada por los temblores, debido a encontrarse inmediata al epicentro del movimiento, localizado en las inmediaciones del puerto, por la estación sismológica local.

Contracts With Producers' Corporation Drawn

To Direct Two Specials and Four Others Yearly

Seeks Progressive Program Rather Than Stars

(EXCLUSIVE DISPATCH)

NEW YORK, Jan. 29.—If the negotiations between Producers' Distributing Corporation and Cecil De Mille, former director-general of Famous Players-Lasky Corporation, fail to culminate in a definite agreement, it will be because attorneys for the interested parties point out unexpected flaws in the contracts. The contracts are drawn up and the attorneys are going over them at the present time.

De Mille, it is learned in good authority, plans to direct personally two specials a year for Producers' Distributing, as well as to supervise a number of productions, probably four, in which Leatrice Joy and Rod La Rocque will be featured. These stars hold personal contracts with De Mille.

It is thought that De Mille turned down the United Artist offer because he wished to find an organization based on a progressive program instead of one revolving about a few famous stars, publicity of whom may wane in a few years. In other words, he wished to invest his money in a proposition that promised permanency and perpetual dividends. Producers' Distributing Corporation, into which it is understood De Mille will buy, offers just such an opportunity.

Official announcement of his connections with that concern is expected daily, together with the statement from De Mille that he has formally taken over the studios of the late Thomas H. Ince in Culver City.

Jules Hurig, prominent as a producer of Broadway attractions, will enter the motion-picture producing field in the near future. The formation of a \$1,000,000 producing corporation, with Mr. Hurig at the head has just been consummated whereby Miss Madge Kennedy and Gregory Kelly, now being starred in Mr. Hurig's production of "Badges" at the Ambassador Theatre, will appear in two pictures within a few months.

There will be "Badges," the present vehicle of the two stars, and "Just Married," another Hurig success which is now enjoying a most successful run in London.

Negotiations are in progress for other properties in which noted stars will be featured.

Child Measure Fails in State of Washington

(BY A. P. MONT WIRE)

OLYMPIA (Wash.) Jan. 29.—The Federal child labor amendment was defeated, 47 to 30, in the House of the Washington Legislature late today.

The Senate rejected the amendment yesterday.

87,000  
PEOPLEpassed through our Principal  
Office during the first day of  
its opening

By careful count, more than 87,000 people passed through our Principal Office, Seventh and Spring Streets, yesterday. The doors opened at 10 A.M., hundreds were waiting to get a mission.

This afternoon thousands of boys and girls will be taken directly from the schools of the city in special street cars to be taken on an educational tour through the bank. We are indeed to welcome these young people and will spare no pains to make their visit interesting and instructive.

The reception and exhibit will continue today and tomorrow from 10 A.M. until 9 P.M.

48 HOURS  
TO DO A BIG JOB!

Work of compiling the forthcoming Sunday Times two big want ad sections starts today.

Within forty-eight hours this gigantic sales-catalogue will be completed and distributed to buyers throughout Southern California.

Between now and Sunday, approximately 10,000 separate want ads will be phoned, mailed and brought to The Times. Every ad must be classified, grouped and re-subdivided according to The Times' unequalled system of classification. Over 58,000 lines of type must be set, read and corrected of errors. 692 miles of newspaper, one page wide, must pass through the Times presses to print the more than twenty pages of Sunday want ads!

Co-operation of want ad advertisers makes possible this colossal feat in so short a time. Early copy for Sunday Times is greatly appreciated.

## FLINT BATTLES BANK MEASURE

Glass Points Ambiguous Part  
in McFadden Bill

Senate Committee Considers  
Revision Steps

Ex-Senator Pleads Freedom  
for Branches

(BY A. P. MONT WIRE)

WASHINGTON, Jan. 29.—Re-  
vision of the McFadden banking bill  
passed by the House, in order  
to modify or eliminate entirely a  
section prescribing certain condi-  
tions for discount of paper by na-  
tional banks, was considered today  
by the Senate Banking Committee  
after Senator Glass, Democrat, Vir-  
ginia, a former Secretary of the  
Treasury, had introduced the com-  
mittee that the present language was am-  
biguous. Senator Pepper, Republi-  
can, Pennsylvania, indicated he  
would submit an amendment striking  
out the section.

Protests by California bankers  
against enactment of the McFadden  
bill were made before the Sen-  
ate committee by former United  
States Senator Frank B. Flint of  
California, representing the bank-  
ing interests of that state, and by  
John R. Drum, presi-  
dent of the Mercantile Trust Com-  
pany of San Francisco.

Flint said that the House had  
taken a "narrow view" of the  
branch bank, and urged that the  
whole subject be reopened and fully  
discussed. If the bill is passed,  
he said, California bankers will be  
prohibited from engaging in a  
form of business which they were  
assured would be legal when they  
joined the Federal Reserve system.

Flint urged some system where-  
by branch banks could be main-  
tained in California without the in-  
terference of Congress. California  
banking laws are the equal of  
any state, he said. Vast enter-  
prises, farm and fruit crops were  
financed without calling upon the  
East for help, and there were few  
bank failures in California than  
elsewhere.

VERA CRUZ  
TERRIFIED  
BY SHOCKS

Populace Flee Homes in  
Fear of Repetition of 1920  
Catastrophe

(BY CABLE-RECEIVED DISPATCH)

MEXICO CITY, Jan. 28.—Re-  
ports received here during the  
night state that several heavy  
earth tremors were felt at various  
points in the State of Vera Cruz  
yesterday, the shocks lasting from  
five seconds to two minutes.

The population is considerably  
alarmed, according to the reports.  
Residents of the city de-  
serted their homes and fled to open  
spots in the city when the first  
of the tremors struck the city.

William H. Lewis, a Pasadena  
electrical contractor, has been  
missing from his home for about  
a month. It was learned last night  
that he was in a woman who said  
she was staying with the Lewis  
child for the night. Lewis left  
about a month ago, the kidnaped  
opinion that he had not met  
with foul play, but had "just gone  
away."

Mrs. Lewis is an octopussy. The  
family home is at 355 North Ray-  
mond avenue. She was out for  
the evening. It was said at the  
home.

Inquiry among neighbors of the  
Lewis family brought out that  
Lewis has been regarded as absent  
from home for about a month and  
that his family does not know where  
he is.

Del Monte Hotel  
is Acquitted of  
Liquor Charges

San Antonio (Tex.), Jan. 29.—The  
Del Monte Hotel, San Antonio, Tex.,  
was acquitted by a jury today of a  
charge of maintaining a nuisance  
by having liquor and selling it at  
their hotel. The case was tried be-  
fore Superior Judge Fred Trout.

Attorneys for the defense intro-  
duced evidence to show that, al-  
though a waiter employed at the  
hotel had sold liquor, the Del Mon-  
te Properties Company had nei-  
ther encouraged nor condoned vi-  
olation of the law.

INCOME FOR DOG, NOTHING FOR  
SON; LATTER IN CONTEST SAYS  
WOMAN SUFFERED DELUSIONS

When Mrs. May P. Russell signed a will providing an in-  
come for her dog Ted, and disinheriting her adopted son, Clar-  
ence A. Russell, because he had not been kind to Ted, she was  
suffering from "delusions," according to a contest of her will  
filed yesterday by Russell.

The will bequeathed \$1000 to Bertha Henderson of Long  
Beach, and the balance of a \$10,000 estate to Blanche May  
O'Reilly, with instructions that she turn Ted over to her son  
Roger, and pay Roger \$5 a week for Ted's support. After Ted's  
death, the will directed that a "substantial part" of the estate be  
given to Roger.

Russell recited that his foster mother had a mania for writ-  
ing wills and that she had executed as many as fifty of them.

## SHORTTRIDGE TO GIVE TAX CASE DATA

Working for Speedy Ac-  
tion on Community Prop-  
erty Income Case

(RECEIVED DISPATCH)

WASHINGTON, Jan. 29.—Fol-  
lowing the decision of the Treasury  
to refund estate inheritance taxes  
on community property in Califor-  
nia Senator Shortridge declined to  
comment on the case to the  
Senate. Court which will settle  
for all time the contention that on  
all income from community prop-  
erty in California husband and  
wife are entitled to make separate  
returns, pay lower taxes and enjoy  
the same consideration as now given  
to other residents of States  
having community property laws.

Senator Shortridge will try to  
get the quickest possible action on  
the case and as early a considera-  
tion of the final relief for the tax-  
payers of California. Even now re-  
funds total \$17,000,000 in California  
alone. It is said, and with the new  
returns this amount will probably  
exceed \$100,000,000 in California  
alone. The Supreme Court decision settles the  
matter.

After his interview with Sec-  
retary Mellon, Senator Shortridge  
expects to issue a statement to the  
taxpayers of California giving them  
the details of when the decision  
may be expected and the various  
steps in the Federal courts.

SALVATION  
ARMY HEAD  
QUITS CITY

Commander Booth Thanks  
Citizens for Welcome;  
Territorial Meet Ends

With staff meeting during the  
day and a luncheon at noon at  
which Commander Evansville  
Booth talked to the officers and  
soldiers of the organization, the  
8th annual Western Territorial  
Congress of the Salvation Army  
closed yesterday. Commander  
Booth and Lieutenant-Commander  
Adam Gifford, left the city last  
night.

The congress was the most suc-  
cessful ever held in the western  
territory, according to Lieut.-Col.  
C. H. Boyd, divisional commander  
of the organization for Southern  
California. When the sessions  
closed yesterday, Commander  
Booth gave out the following state-  
ment:

"I am deeply grateful to the  
members of the Salvation Army  
advisory board in this city, and  
to the citizens of Los Angeles for  
the reception given me on my ar-  
rival to conduct the congress. Los  
Angeles is a wonderful city with  
an ideal climate. I am greatly  
impressed by the progressive  
spirit of the people. When I re-  
turn I hope all the people who  
could not get into the Trinity Au-  
ditorium for my lecture 'In Rags'  
will hear me the next time I visit  
here."

PASADENA  
MISSING FOR  
PAST MONTH

Electrical Contractor Is  
Thought by Neighbor to  
Have "Just Gone Away"

William H. Lewis, a Pasadena  
electrical contractor, has been  
missing from his home for about  
a month. It was learned last night  
that he was in a woman who said  
she was staying with the Lewis  
child for the night. Lewis left  
about a month ago, the kidnaped  
opinion that he had not met  
with foul play, but had "just gone  
away."

Mrs. Lewis is an octopussy. The  
family home is at 355 North Ray-  
mond avenue. She was out for  
the evening. It was said at the  
home.

Inquiry among neighbors of the  
Lewis family brought out that  
Lewis has been regarded as absent  
from home for about a month and  
that his family does not know where  
he is.

## FEDERAL TRADE ORGANIZATION

Interagency Co-operation is Being Sought

C. H. Beauchamp is Elected First President

Union Oil Calls Meeting on Indebtedness Increase

Los Angeles representatives of the Federal government Tuesday at a luncheon organized by the Federal Business Association, designed to foster better co-operation among the various governmental agencies in the city, and to enable workers in the agencies to improve service toward the public.

C. H. Beauchamp, packers and stockyards administration, Department of Agriculture, was elected president, and Maj. H. A. Finch, United States district engineer, was chosen secretary.

The meeting was held in the administration building of the Central Manufacturing District and arrangements were concluded for future activities of the organization. Monthly meetings attended by the heads and other representatives of the various Federal offices will provide an open forum in which experience, ideas and opinions may be freely expressed.

CRITICISM RECEIVED

It was brought out at the organization gathering that from time to time the character of service rendered by Federal employees has suffered some criticism. It is thought that for one thing the average citizen does not comprehend the wide range and complexity of the government's activities, covering as it does a vast field which includes such diverse work as animal husbandry, surveying, lighthouse maintenance, weather observation, postal service, military and naval preparation, tax collecting and forest protection.

Under the proper inspiration, however, for which each is responsible, it is thought that the individual who works for the government can be assisted in maintaining a morale and obligation to duty as high as that in industrial and business organizations.

REPRESENTATIVES ATTEND

The following representatives of the Federal offices in Los Angeles attended the meeting:

C. H. Beauchamp, packers and stockyards administration, Department of Agriculture; Maj. H. A. Finch, United States district engineer, Department of Commerce; Mr. J. H. Berringer, vice-president and general manager, National Cash Register Company, Department of Commerce; Mr. J. H. Berringer, vice-president and general manager, National Cash Register Company, Department of Commerce; Mr. J. H. Berringer, vice-president and general manager, National Cash Register Company, Department of Commerce.

## REGISTERS RING UP RECORD

Los Angeles Office of "NCR" Firm Determines on New Mark for 1925; Visitors Pay Respects

BY EARLE E. CROWE

Ordinarily the optimistic utterances of a sales manager evoke a suspicion of a smile from the bored audience. Tradition has it that the members of this profession are rather prone to exaggerate, but once in a while a sales organization is found that backs up its words to the limit, and even goes a little further to clinch the proposition. With a record of this kind behind it, the Los Angeles agency of the National Cash Register Company deserves an attentive hearing when it plainly states that its 1925 sales goal is a 25 per cent increase over the 1924 quota, while the company has asked it only to produce approximately 18 per cent more.

The reasons behind these two goals warrant more than passing attention, because of the reliable indications they afford of the general trend of business in Los Angeles. The National Cash Register Company sales are regarded as a fairly accurate barometer of retail trade, since the company's product is used by a wide range of business enterprises. The purchase of a cash register, to the follower, business barometer, is significant of expansion in established enterprises, or the opening of new ones.

RECORD DUPLICATED

Last year, the Los Angeles office repeated its remarkable performance of 1923, when it did the second largest business of all the National Cash Register agencies in the country. Moreover, it again was first in the ten largest cities of the United States in percentage of sales quota handled. Here is pertinent evidence that business in Los Angeles during 1924 fully equaled the volume of 1923, generally regarded as an abnormal year in the city.

Further back than this, the records of the Los Angeles office are fruitful with more testimony. Here today are ten times what they were in 1914, and the number of salesmen has increased from eight to 181. In 1917, when C. U. Whiffen was appointed sales agent, the quota for the agency was 440 points a month. Today it is 4680 points.

For 1924, the local office qualified twenty-two salesmen for the "1924 C.P.C." or 100-point club. These are the men making the best sales records in the year and are the honor men of the company.

The salesmen with the highest score is made president of the club, which cash is awarded, so on. In 1921 and 1922 the Los Angeles agency controlled the official record of the National Cash Register Company in the world in the amount of sales volume. In one month last year it sold all the National Cash Register Company's business in the world in the amount of sales volume. These performances naturally justified the home office in raising the Los Angeles 1925 quota 10 per cent, but the local agency, which is more familiar with conditions in the city, has asked for a 25 per cent increase.

No dividends have been paid to date.

Officers of the company are George H. Watson, president; D. G. Klineberg, vice-president; Robert F. Marvin, secretary and treasurer, and the directors are the same.

## San Bernardino County District Improvement No. 25 6% Gold Bonds

January 8, 1925. Denomination: \$1,000.00  
Principal and semi-annual interest (January and July 2nd) payable at the office of the County Treasurer of San Bernardino County.

Exempt from Personal Property Taxes and from Federal Income Taxes.

### Financial Statement of District

Assessed Value of Property	\$ 655,000.00
Assessed Value of Property	1,965,000.00
Debt this issue only	185,000.00
Debt in District	8,300
Debt per Acre	18.73
Assessed Value per Acre	236.73

These bonds are issued by the County of San Bernardino under the 1907 act and rank with General Bonds and General Municipal Bonds as they are payable from an ad valorem tax levied upon all the land in the district. They are collected with and as a part of the general property taxes.

San Bernardino County is one of the richest agricultural counties in the State. It contains a number of the leading industrial cities of California, including Ontario, Redlands and San Bernardino.

Priced to yield 5 1/2%

### NEW YORK BONDS

Oil Bonds Advance

(BY A. P. NIGHT WIRE)

NEW YORK, Jan. 29.—Bond prices drifted irregularly lower today as profit taking swept over the list after an early period of firmness. Oil company issues, however, continued to display independent strength, most of the leading issues working into new high ground, although they failed to maintain their extreme gains.

Renewed activity developed in Mexican government obligations, although international bankers reported no new developments on which today's advance of a point or more would be based.

Final price changes of corporation bonds were narrow. California Petroleum 6 1/2s and Sinclair Consolidated Oil 6 1/2s closed higher, but Pan-American 6s after touching a new price, fell back a point at the close. Reports of new merger negotiations in the southwest stimulated trading in "Katy" issues, which established new high records. New York Central convertible 6s, St. Paul 4s of 1925 and convertible 4 1/2s and Chesapeake and Ohio convertible 5 1/2s lost ground.

A large advance subscription was reported for a \$10,000,000 Consolidated Gas Company of New York issue, which bankers are ready to public service companies are pending included part of a \$15,000,000 Canadian National Railway issue and loans for several French industries.

Foreign bonds, however, and closed prices of bonds on the New York market were generally lower. The market for American bonds was active and strong, with a few issues showing a slight advance in the afternoon. The market for foreign bonds was quiet and prices were generally lower.

### About the Income Tax on Your Bonds

FOR the convenience of bond-holders in making out their 1924 Income Tax Returns, we have prepared a list of the most important items upon which 2% of the Federal Normal Income Tax is paid at the source. In order to secure exemption on this item, the proper entry must be made on your tax return.

A free copy of this leaflet will be mailed you on request. Phone BR 6327, or send name and address below.

### STEEL AND IRON VIGOR DISAPPEARS

Chicago Mills Filled to Capacity With Orders but Other Points Slower

(SPECIAL DISPATCH)  
CLEVELAND (O.) Jan. 29.—Some of the iron and steel market following the slowing down of new business and specifications against contract, which has become noticeable during the past two weeks, Iron Trade Review reports. How much is due to tremendous shipments, thereby satisfying the pressing needs of buyers, and how much to a slower movement in expansion of consumption cannot be definitely stated. Apparently industry has been making steel ingots in January at the rate of well over 45,000,000 tons annually, which sustained the basis that has been duplicated by comparatively few periods in the past. This means that the output of the industry at large has been increased at least 50 per cent in the last sixty days.

A question now is being raised in the industry as to how long the present high-speed production of 30 to 35 per cent can be maintained. As yet there are no signs of any material slackening. Price advances on finished steel, have been announced this week by various independent mills to apply to second-quarter business. Plates and shapes and bars have been raised \$2 a ton by large makers at Youngstown and Pittsburgh. Sheets have been similarly advanced by mills at Chicago and in Youngstown district with no appreciable pressure being made by buyers to be covered on second-quarter tonnage. It is suggested the advances have been dictated more to stimulate specifications against present contracts than to book additional future tonnage. Pig-iron prices have eased off a bit in most districts, except in the South. In the East heavier offerings of foreign iron have been the chief factor.

The Iron Trade Review composite for fourteen leading iron and steel products this week is \$41.10, compared with \$43.10 last week and \$43.24 last January.

Experience is necessary for the proper selection of bonds either by the investor or the bond house from whom he buys.

Our years of experience are at your service.

### Invest Your Current Surplus Funds in HOTEL STRAND BONDS

7% SERIAL GOLD

We own and offer subject to prior sale

\$165,000 HOTEL STRAND

First (Closed) Mortgage Coupon Bonds

In Denominations of \$100-\$500-\$1,000

Due serially, July 1, 1927, to January 1, 1935

Interest payable semi-annually, January 1 and July 1

TRUSTEES—Hollman Commercial Trust & Savings Bank

These bonds are secured by a First (closed) mortgage on the Hotel Strand, 729-31 South Union Avenue, conservatively valued by independent appraisers at \$320,000.00.

The loan represents less than 52 per cent of the security. The property has been leased for 15 years to an experienced hotel man, under terms which insure net earnings almost three times greater than the highest annual interest requirements.

PRICE—100 and accrued interest—TO YIELD 7%.

Write or phone FABER 1371 for Complete Descriptive Folder, Giving Full Data

RALPH G. WOLFF CO.

Directors: Ralph G. Wolff, Irving H. Hollman, L. Einar, Louis M. Lerner, Ralph A. Cole

742 S. Hill St. First Floor Phone FABER 1371

(Offered subject to the approval of the Commissioner of Corporations of California)

# The Times

LOS ANGELES

FRIDAY MORNING, JANUARY 30, 1925. PART II. 20 PAGES.

Mrs. Esther Melnikoff and Her Boy Sidney. Woman, married as girl, will continue schooling for cultural advantage.

## STUDIES TO AID HER SONS

Young Mother, High School Graduate, Lauds Lincoln Faculty; Will Enter College

Mrs. Esther Melnikoff, who has a perfectly good husband, two half-grown children and is mistress of a comfortable little American home, was a member of the graduation class last night at the Lincoln High School. Until now it has been a secret, known only to the teachers, that Esther Melnikoff, class of '21, was married.

## INDICTMENT OF FLOYD LAST ACT OF GRAND JURY

The county grand jury for 1924 was discharged yesterday by Superior Judge Crall. The jury filed its final report Tuesday, but remained in session to return an indictment against Alvin Karpis, formerly City Recorder of Culver City.

## TEAM DEMONSTRATES FIRST-AID PRACTICES

The first-aid team of the Union Oil Company, which won the first prize in the State meet last October, put on yesterday afternoon at Serrano Junior High School a first-aid demonstration for the students.

## CHURCH ROW LAID TO RADIO

Split in Oregon Congregation is Believed Due to Aimee McPherson Preaching; Suit is Filed

Radio and the convincing voice of Aimee McPherson, broadcasting her sermons from the Angelus Temple here, is thought to be responsible for the religious and legal controversy that has openly divided the ranks of the Ashland (Or.) Baptist Church.

## ROUT DESERT MOONSHINERS

Three Members of Gang Caught After Auto Chase  
Notorious Band Fires on Dry Officers; No One Hurt  
Concrete Fortress and Liquor Are Destroyed

A notorious band of desert moonshiners, who had openly threatened to "shoot it out" with any law officers who dared to approach their apparently impenetrable liquor stronghold in the heart of the Mojave Desert, was broken up, three of its members were captured and their distillery was demolished after a brief but exciting rifle battle yesterday.

Far ahead an automobile was seen hastening toward the mountains. After a chase of three miles it was stopped. Contreras ordered its occupants to surrender and was answered by a few random shots fired at a distance by the fugitives. Contreras and his men returned the fire, sending rifle bullets over the top of the fleeing car. The car halted and its three occupants surrendered.

In the automobile was found a complete equipment for a moonshine still and a quantity of desert bottles. The three prisoners explained that they had shot because they had mistaken the pursuing officers for hikers.

With the three prisoners the return trip was made to the distilling plant. It was found to be erected of concrete, hidden behind a hillside and a quantity of desert bottles. The three prisoners explained that they had shot because they had mistaken the pursuing officers for hikers.

Those under arrest are Tom J. Middleton, 37, Warren, and George Hiner. They are each held on \$1000 bail in the Lancaster jail, where they were placed late Wednesday after pleading not guilty at a night session of the Lancaster Justice Court.

The raid upon the moonshiners' concrete "fortress," forty-five miles from Lancaster, was the middle of a desolate and almost impassable district, was directed by Chief of Police Contreras of the District Attorney's office in answer to the boasts of the moonshiners that they would "shoot it out" with any law officers who dared to approach their apparently impenetrable liquor stronghold in the heart of the Mojave Desert.

## STATE UNITY TO BE WELDED

"Forward California" to be Slogan for Co-operative Meeting of Booster Bodies Today

"Forward California" will be the slogan today when fifty civic leaders hold a luncheon conference at the Biltmore. Directors of the California Development Association, the State Chamber of Commerce, twenty-five in number, representing industrial, agricultural, financial, commercial interests from all sections of the State, and members of the San Francisco, Sacramento, Oakland, Stockton and Fresno chambers of commerce are meeting with the directors of the Los Angeles Chamber of Commerce in connection with the regular monthly meeting of the officers of the State civic organizations.

This meeting will weld the link in the chain of State unity which has gradually been forged, city by city, during the last three years. Marking a new era in local and State development, a co-ordinated and co-operative program, purporting the realization of the great possibilities of the State and securing the greatest benefits for all citizens will be one of the chief topics of discussion at the meeting.

"One o'Clock Saturday"

**Silver King Golf**  
**Balls, \$7.95 Doz.!**

Here is splendid news for every Golfer, man or woman. George Duncan, the British Champion, while visiting Bullock's Sportswear Store for men, said he has used Silver Kings for ten years without one single ball ever "going bad" on him.

Saturday morning, in the Golf Shop—of the Sportswear Store for Men—Silver King Golf Balls, black, recessed, unnumbered, will be \$7.95 a dozen. Entrance on Hill Street.

"One o'Clock Saturday"

**Boys' New Sleeveless**  
**Sweaters at \$4.95!**

With the fashioned waistline that boys are asking for. V neck, sleeveless sweaters in new shades of tan, blue and brown, in sizes 28 to 36 at \$4.95.

Boys' Sports Blouses Are Dandies at 95c! Sports Blouses of excellent woven madras—and so well made. With sports collars and short sleeves. Visit Bullock's Fifth Floor Saturday morning and see these. Sizes 7 to 14 years at 95c.

Knickers in Tweeds and Cassimeres, \$3.35 And worsteds, too. In tan, gray, brown and heather mixtures. For that extra pair of knickers that the schoolboy 6 to 16 years is sure to need, \$3.35.

Caps at \$1.50 and Silk Sports Belts at \$1.00

—At the Store for Boys, Bullock's Fifth Floor.

"One o'Clock Saturday"

**Those Army Shoes for**  
**Boys! Here at \$4.50!**

In the new Java elk with the modified army toe, brass eyelets. The blucher cut—so much in demand by boys who wear sizes 1 to 6. At \$4.50 a pair. Bullock's.

And the same style in sizes 6½ to 8 at \$6.00.

—Boys' and Girls' Shoe Store, Bullock's Fifth Floor.

"One o'Clock Saturday"

**Children's E. Z.**  
**Union Suits, 95c!**

The popular "button-waist" Union Suits that children 4 to 12 wear. With low neck, short sleeves & knee length; medium weight cotton. Mothers who buy these regularly will realize the saving at 95c a garment.

—Bullock's Fifth Floor.

A superlative feature, arriving just in time for this last Saturday of January. Decidedly up to Bullock standard—and presaging the really sensational values obtainable at Bullock's on Saturday morning.

In blue, gold, sand and rose. Plain or figured gauze—at 50c a yard—Saturday—Not Today—Drapery Section, Bullock's Sixth Floor.

**Saturday Morning—Not Today**  
**(Bullock's Closes at "One o'Clock Saturday")**

—And is expressive of the spirit of service that reigns throughout the whole store, in all the sections.

"One o'Clock Saturday"

**36-inch Silk Radium, \$1.20 Yard**  
 1000 yards—in 20 colors. The gorgeous silk for lingerie—costume slips and children's tub dresses. Priced lower for Saturday in Silk Section, Bullock's Second Floor.

"One o'Clock Saturday"

**Such Splendid Handbags at \$1.95**  
 don't miss these! They are a really superlative Saturday Morning value of silk and leather in a very large assortment of styles and shapes and colors. Every one silk lined—and each one fitted with coin purse and mirror. Not one should be left at "One o'Clock Saturday!"

—Bullock's Street Floor.

"One o'Clock Saturday"

**Linen Specials—Also 25c! 75c!**  
 Lovers of fine linen had Saturday Morning at Bullock's Linen Room productive of great savings—this Saturday—

**Linen Damask Lunch Cloths,**  
**36 Inches Square, 75c**  
 Pure Irish Linen—two popular patterns—"Snowdrop" and "Satin Stripes."

**\$500 Madeira Napkins, 13 Inches Square**  
**Are But 25c Each**  
 Hand-embroidered and scalloped edge. Of fine quality, round thread Irish linen.

—Bullock's Fifth Floor.

"One o'Clock Saturday"

**Boys' Color-Bordered**  
**Handkerchiefs, 15c ea.**

For school, what could be more practical?—and their quality surely suggests much more than 15c. White Handkerchiefs, the desired 14-inch size with the colored borders woven in—so that they'll launder well. 15c each at Bullock's Fifth Floor, Saturday morning and 2 for 25c or \$1.35 a dozen.

—Bullock's Fifth Floor.

"One o'Clock Saturday"

**50 Rockers From**  
**Hong Kong, \$7.95**

Made on solid Singapore Malacca cane frames, which is much superior to bamboo for this purpose. Over these frames selected sea grass is hand-woven. Just 50 chairs for this Saturday and \$7.95 should sell every one of them.

—Bullock's Seventh Floor.

"One o'Clock Saturday"

**Men's Colored Bordered**  
**Linen Handkerchiefs, 35c**

or three for \$1.00. "1400 count linen," states their manufacturer proudly—which means the fine, sheer linen so favored by men.

Saturday brings them in an especially large assortment of colored borders. Men and those who buy for Men, will find these handkerchiefs live up to the dollar savings reputation of Bullock's Saturday mornings.

—Men's Store, Bullock's Street Floor, Broadway Building.

"One o'Clock Saturday"

**Bracelets Match Necklace**  
**In Pastels—at \$1.75 Set**

Saturday at Bullock's Jewelry Section Peggy festoon necklace of three strands—beautiful pastel colors and finished with stone clasp to match. Bracelet matches the necklace of four strands with stone to match.

Nicely boxed, for graduation gifts they are splendid.

—Bullock's Street Floor.

"One o'Clock Saturday"

**Windsor**  
**Chair, \$4.95**

To see is to buy several! They are constructed of birch, finished in mahogany. Have the popular panel back. Chairs that emphasize Bullock's fine furniture and Saturday Morning values.

—Bullock's Seventh Floor.

"One o'Clock Saturday"

**Philippine**  
**Chemise, \$1**

Just 100 of these fine garments—daintily embroidered in floral designs. Strap or built-up shoulders—Envelope model.

Saturday morning at Bullock's, remember, \$1.00.

—Bullock's Fourth Floor.

"One o'Clock Saturday"

**Handkerchiefs,**  
**Voile, 25c**

For Men, and strictly hand-made. Two shades in grey and two in blue.

Various colored threads drawn through. Saturday morning shoppers should buy these by the half dozen.

—Women's Handkerchief Section, Bullock's Street Floor.

"One o'Clock Saturday"

**Art Needle**  
**Work Values**

Mentioning a few of the many special values selected from this interesting and cosmopolitan shop.

**Linen Scarfs, 75c**

Ecru linen—trimmed with lace.

**Nursery Pictures, 35c**  
 or 3 for \$1! And nursery rhymes—attractively framed in blue, green and yellow. Just the thing to delight small children.

—Bullock's Second Floor.

"One o'Clock Saturday"

**Manicure**  
**Sets, \$1.50**

One sees them, one thinks—"what a splendid set for children to possess of their very own." And \$1.50—what an astonishingly little price, but remember this is for Saturday morning at Bullock's. Nail Scissors, flexible nail file, large buffer, orange stick, nail polish, highly polished handles in various colors. Put up in leatherette case with brass snap.

—Cutlery Section, Bullock's Street Floor.

"One o'Clock Saturday"

**Neckwear**  
**New, \$1.75**

and that such particularly choice prices can be sold for as little as \$1.75 is almost unbelievable! Think of pure linen gimpes, Organdy and Lace Vests, Lace Collar and Cuff Sets for so little! Linens have Spring colorings and laces are ecru and white.

Saturday Special—at Bullock's is the answer.

—Bullock's Street Floor.

PROSPERITY WRECKERS

Pigeonholed by the Arid Lands Committee of both the House and the Senate, the Swing-Johnson so-called silviculture bill will lie in state for at least another year. The Senate committee asked for that much time to investigate the different plans proposed for flood control, conservation and power development along the Colorado River. No one wants to act in face of the failure of Arizona to ratify the Colorado River pact. There appears to be more or less silent resentment in the States in the upper part of the Colorado Basin over Arizona's attitude and the State has made no friends through its continued failure to ratify.

While represented by Congressman Swing as having the united support of Imperial Valley, it has developed during the last three months that a majority of the land owners in the valley are opposed to the passage of the Swing-Johnson bill. This fact was well known to the members of both the House and Senate committees and it undoubtedly had considerable influence in determining their attitude.

Congressman Swing has devoted four years in fruitless endeavor to secure the passage of his bill. It has been presented to chambers of commerce and other civic bodies all through the Southwest, and a great many resolutions were passed favoring the bill in order that the lives and lands of the Imperial Valley farmers might be saved. These resolutions were passed after hearing ex parte statements, consisting chiefly of fiction masquerading as fact.

But now a majority of the land owners of Imperial Valley have declared in a signed petition that they do not want to be saved according to the Swing-Johnson plan. They consider the Fredericks bill more economical, more practical and much more likely to secure passage.

The Times believes that Imperial Valley has been incalculably injured by the protracted and impracticable efforts of the Swing-Johnson crowd to secure the passage by Congress of legislation that would put such a financial burden on the lands of the Imperial Valley as to amount to practical confiscation, without increasing by a single drop the water supply for the valley.

If a bill had been presented and passed four years ago asking only for flood control as an emergency measure, as it might have been when the impracticable Swing-Johnson bill was introduced, a dam could have been completed by this time high enough to control any season's flood, a dependable supply of water would have been assured, all danger from inundation would have been removed and, incidentally, power would have been developed sufficient to meet the increasing power requirements of the Pacific Southwest for years to come.

Four years have been wasted and Imperial Valley is still subject to imminent danger of possible permanent inundation with each recurring maximum flood season. The intrinsic value of the soil has not been reduced, but the result has been to reduce the selling price of the land to only a fraction of what it would have been.

The delay and the uncertainty as to what action Congress might ultimately take have been demoralizing to sales values; and have resulted in holding up great improvements and development work that only await stabilized conditions and that will be pushed forward as soon as it is known that a flood control dam is certain to be built.

Every thinking citizen familiar with conditions in the Imperial Valley must agree that there is no necessity for a 500-foot dam when a 200-foot dam will serve. It is certainly poor economics to expend \$70,000,000 or \$100,000,000 when \$20,000,000 would accomplish the desired result. No construction program in the whole Pacific Southwest can mean as much as the prompt building of a flood-control dam on the Colorado River.

If sincere, straight-thinking citizens interested in the real progress of the entire Pacific Southwest can get together and agree on a sound and logical program and back up the Los Angeles Chamber of Commerce, which has already informed and recommended the Fredericks bill, there should be a reasonable probability that prompt action can be secured from the next Congress and so make this supremely important matter finished business.

JUST CALIFORNIA  
California is the new wonderland; not any particular section or community, but California as a whole. In the march of progress it represents a moving army, composed of companies, regiments and divisions. To achieve success these units must coordinate; there must be unity of purpose. And it is to achieve this unity that the California Development Association has been organized. It is composed of civic bodies from all sections of the State, and the spirit of the movement is to co-ordinate civic consciousness into State consciousness.

At the head of this movement are to be found leaders in commerce, industry, agriculture and financial life of California. They will meet today at the Billmore Hotel in conference with the directors of the Los Angeles Chamber of Commerce. This conference should mark a new era in State development. It will have a historic value; for it will be the first time in the history of the State that civic leaders from San Francisco, Los Angeles and other large cities of the State have come together to work out the harmonious development, utilization and distribution of the natural resources of California. Mutual and definite pledges of co-operation have already been exchanged through the medium of the California Development Association, which is also incorporated under the name of the State Chamber of Commerce, among the civic organizations representing the various communities.

The experience of the last twenty-five years has fully established that co-operation is necessary for State progress. The advance of an army is weakened when there are regiments or companies of stragglers. Every producer in any part of the State is a benefit to the State as a whole. There is still room in California for those who are willing to develop these natural resources; and when one community is markedly prosperous a part of the prosperity is reflected on surrounding communities. A great and populous city in the South means an increased market for the products of the cities and the agricultural districts of the North, and vice versa.

No community in California is sufficient in itself. The interdependence extends from the Oregon State line to the Mexican border. Community development must be widened and extended to State development. Los Angeles, Long Beach and San Diego are associates of the cities of the north.

THE MONEY SAVERS  
The President intends to show a further surplus of \$175,000,000 with the dawn of the next fiscal year and thereby warrant another drive for a reduction in Federal taxes. As an economist Calvin Coolidge is no more word-painter. He carries his faith right out on the battle line. His economies mean saving to the American people of \$1,000,000 a day. Who else is authority in making equal progress? Where are the rest of our money-savers? Gov. Richardson is already attempting to make good his pledges of public thrift, but the politicians hamper him at every turn. Liberal spenders in public life are many, but those who honestly and conscientiously conserve the money of the taxpayer are mighty few. It is hoped and hoped that we have one in the White House and another at Sacramento.

Just About It

James J. Montague

(Copyright, 1935, by the Bell Syndicate, Inc.)

THE ONLY WAY OUT

No wonder the royal and bachelor quail is seeking a princess all over the lot. For though he's not war-like or savage or vulgar—And his habits are settled, his country's are not. It is true that at present to war drum is sounding Throughout all his majesty's peaceful domain, But there's trouble enough in the nations surrounding. To promise the prince quite a turbulent reign.

With the Turk on the one hand, the Serb on the other, And the Bolshevik wolf lurking in at the door, Not to mention the gentle Rumanian brother Who isn't at home when he isn't at war; One is not surprised that so royal young maiden Has jumped at his highness's hand and his heart. For the skies of the Balkans with portents are laden—And no one is certain when something will start.

The average princess, we fancy, would rather—No matter how much she may yearn for a crown—Sit safe in the palace with mother and father. At least till the Balkans have got settled down. And since as far back as our reading's extended, They've skirmished and battled there early and late, And an war for their very existence depended, We judge that the Prince will have quite a long wait.

Perhaps some fine day when at last he is weary Of keeping a doleful bachelor's hall, And vainly cries "Ray there!" or "Wife!" or "Dearie!" With never a helpmeet to answer his call, He will throw up his job and go out and get married, As we would if his luckless lot were our own. For a bachelor's life is but dreary and arid, And a wife is worth many times more than a throne!

(Copyright, 1935, by the Bell Syndicate, Inc.)

THE HYPPOCHONDRIAC  
BY J. J. LOWMAN  
He is a good business man, but highly sensitized and easily excited. While driving his car he is the one that always has the right of way. When he uses a street car he accuses if he has just missed one. The telephones in his home and office are never what they should be and he threatens a dozen times a day to tear them out.

The service in the cafes and hotels is the worst he ever saw any place (any time). The trains are never on time. He hasn't seen a decent picture show in years. All of them are bunk. Magazines, papers and books are not fit to read. The recent stuff is all bunk.

Always has to wait if he patronizes a barber shop. No one has more engine and tire troubles than he. His food is tasteless and he can't sleep.

I visited him last week in a private sanitarium on a quiet side street. The physician in charge told me that he had seen recoveries in cases of this kind, but that the consensus of professional opinion was that these recoveries were exceptional and not the rule.

Some people think they are law-abiding because they don't commit murder.

THE OLDEST AD  
The first known English newspaper advertisement concerned, not pills, soap, tobacco or clothing, but a lost horse. It appeared in the Moderate in 1649 and ran: "Reader, thou art entreated to inquire after a blackish and kind of piebald Nag, very poor, his face, feet and flank white, and a little white tip on his tail. He was stolen from grass from John Rotherham of Barnet, in Hertfordshire. Whosoever will inquire, find him out and bring or send tidings of him shall have what content they will for their pains."—[Philadelphia Inquirer.]

RESURRECTION  
An ancient Chicago saloon, known at various times as "The Madhouse" and "The Bucket of Blood" and once notorious for its infamies, has now been converted into a religious chapel and is known as "The Church of the Resurrection." Old-timers will be ready to admit that this is a dramatic conversion and they can properly blame it upon prohibition.

SOLAR SYSTEM SLOWING DOWN?  
It seems to be well established that the shadow of the eclipse arrived a few seconds behind scheduled time. This does not prove that the calculations of astronomers were incorrect, for celestial mathematics is an exact science. If it be true that the moon's shadow arrived tardily, it is true the most illuminating fact learned from the eclipse. It at least indicates that the solar system may be slowing down. The arrival moment of the shadow was calculated from figures several centuries old—data derived from former eclipses. If a second has been lost since those records were made it is easy to calculate when, away down the centuries, the whole system will run down.

In one respect the moon has almost reached the standstill stage already. There was a time when, being a part of the earth, it rotated as often as the earth rotates. Now it rotates on its axis only once during

JAZZ VIEWPOINT

BY CHARLES A. GORDON

A fellow was telling about how, after he had a luxurious operation, the surgeon, before leaving, learned that he had a home place cleared. "That I suppose he wanted he could seek the right," lamented this convalescing patient. "I suppose, had I been a fly-by-nighter or we were a family living like Kellie-Royce as a Henry-Four Income, he'd have been very lenient! Gosh! This place of ours means self-sacrifice and worry and work. Is a fellow to be penalized for being thrifty?"

Well, the answer is known to all who have observed charity operators. We are all, to a more or less extent, our brothers' keepers. The thrifty have to pay a share of the waster's way, the planners to carry on for the improvident. It seems unfair, at first thought, but these people suffer hardship and worry that the thrifty do not. They have the worst of it in the end. The cheering thought for the provident is that those who prepare for a rainy day escape all this tedium.

"No home of my own for me," said a fellow who has a record worthy of notice, as the postoffice change-of-address books would show. "We'll raise our kids in some one else's home, let them damage a landlord's property, not ours. No home for us while they're young. But when they grow up—then we'll be safe in taking a place of our own."

This, naturally, makes him whose home shows signs of having housed children feel regretful. Sounds like a sensible policy; but is it? If children are switched from place to place, not taught respect for property, not educated into a home spirit, not impressed with the thrift that comes from saving home money or self-sacrifice—well, is not that far more serious damage than the slight marks they might leave on a home place?

"Well, I'm glad a poor fellow won the capital prize," I told a friend when we learned that a family man of modest means had won \$10,000 in a 1934 contest. And it seemed that he would make that little (as they go nowadays) fortune serve him, not be served by it.

Then the news dispatches indicated that before the year was out the only asset remaining of the \$10,000 was \$150 and that, after a series of ill-considered expenditures, an after-headache remained. A man who won a more modest cash prize locally, \$500, was expected by friends to immediately dissipate it.

"Well, I reckon you've put your \$500 down on a big car!" one asked. "Now, I suppose you'll wear tailor-made suits!" suggested another. A mysterious broker called with an even more mysterious proposition that just needed \$500 to bring back a snug fortune! The \$500, plus additional hard-earned savings, he is a loss.

There is no substitute for common sense, it would seem, and before one starts to envy the seemingly more fortunate he should do well to set down parallel asset and liability statements, his own and the other party's.

RIPLING RHYMES

DISMAL DIVES

Fine furs and silken dresses and wealth and pomp and estate don't banish the distresses ordained for every state; the more a man possesses the more he bums of hate. I find the rich are underling for language that will bring new force to their complaining of life and everything; all cheer-up stuff dissolving, they fall to doing and moping. They have much time to ponder over every little word, describing, as they wander, all ailments they may know, a rusty knee-cap yonder and here a swollen toe. The poor man, tolling, sweating, leech, he may get the sack, has little time for fretting or aches that rend and rack. He finds himself forgetting the aches in his back. He bustles like a beaver if wages are desired; if he complains that fever or flu has made him tired, the foreman pities the clever and tells him he is fed. And so he is, comparing the facts about his cold, insisting what he's feeling like Thompson's two-year-old; he does some sunshine spelling to show his hale and bold. His rich men have no business to make them stand around, and so they talk of crosses that in this world abound, they feel like total losses and rain, dismal ground. It seems the fates are spiteful to cloud the rich men's sun; this world should be delightful to those who have the mon, but idleness is frightful and all human fun. WALT MASON.

(Copyright, 1935, George Matthew Adams.)

HOW IT STARTED  
BY JEAN NEWTON  
The Erie Canal was first opened for traffic two years before the first railroad was built in the United States and the canal was the most ambitious undertaking that had been projected up to that time. Gouverneur Morris is credited with having first conceived the idea for the Erie Canal. "It was in 1810," as usual with such an advocate and just as strenuous antagonist. However, seventeen years after the idea was put before the public work was begun and ground was broken at Rome, N. Y. Eight years later the enterprise was completed. An artificial waterway 225 miles long, affording straight passage from Lake Erie to tidewater in the Hudson River.

It was a great day, says a contemporary historian, when the Erie Canal was officially "opened." It was celebrated by a "telegraphic discharge of cannon, commencing at Lake Erie and continued along the banks of the canal and of the Hudson, announcing to the City of New York the entrance on the bottom of the canal of the first barge that was to arrive at the commercial emporium from the American wilderness."

35-Cent Bottle (32 Doses) FREE

When you start the day with a glass of water, you are starting with a glass of health. The Williams Treatment is a simple, safe, and effective way to keep your body in good health. It is a natural, wholesome, and delicious drink that will help you to feel better and live longer.

**666**

For the treatment of all diseases, including Fever and Grippe.

WOMEN IN FINE KHJ PROGRAM

Add Clarity to Femininity by Art Contributions

Beth Woodruff Nordwall Has Good Assistants

Evening's Entertainment is Diversified

BY CLAIRE FORBES CRANE

The degree of progress made by women in commercial spheres is still a subject of dispute, but in realms of art they have not only earned a respected place for themselves, but are daily adding by their contributions to art further glory to the name of womanhood. This was partially demonstrated at KHJ last night in a program arranged and presented by Beth Woodruff Nordwall, soprano. For her assisting artists she selected Carmen Novarro, pianist; Agnes Pearson, flute; Dorothy Warren, reader, and Mary Frances Hopkins, accompanist.

Beth Woodruff Nordwall, as her share of the evening, contributed a program composed of ballads and one art song, all of which she interpreted with a delicacy and sense of artistry that delighted her admirers.

THREE FLUTE NUMBERS  
Agnes Pearson, accompanied by Mary Frances Hopkins, gave three numbers, revealing an embouchure which, for virility and mellowness, one seldom finds in a feminine flute.  
Carmen Novarro, blessed with a rhythmic sense which is essentially a part of the Latin temperament, endowed her piano solo, with warmth and color and infectious emotionality.  
Dorothy Warren diversified the program with readings that served as ideal vehicles to exhibit not only her sense of imagery, but clarity of diction.

For the matinee hour the Pacific States Electric Company presented Grace Curry, harpist; George Head, reader, and the popular Joseph Heindl, whose cello boasts a tremendous following in Radioland. Yesterday, accompanied by Edith Petesch, he offered a group of popular classics. Prof. Walter Sylvester, Harpist, faithful as ever, sent the "children's hour" on its merry way with his daily tale of American history. He was followed by that bundle of youthful energy, Dickie Branden, who, in addition to his regular jokes and comedians, recited the dramatic but humorous poem, "If I Should Die," by Ben King.  
"Sunny" Jane Hughes, radiating a joy that seems a part of her, patterned with Uncle John and gave several short readings.  
YOUTH IN SOLOS  
Betty McKay, 8-year-old pianist, who was discovered in one of our Saturday-morning broadcasting classes, entertained with two solos. And Nellie M. Gill delighted the youngsters with one of her "Mammy" songs.  
At 7:30 p.m. Harold Swartz of the Otis Art Institute added another chapter to his weekly lectures on art. He was followed by Dr. Phillip M. Lovell, whose subject, "Care of the Body," was discussed with reference to "Outdoor Sleeping."  
At noon the scene was shifted from our studio to the Biltmore Hotel, where the Optimist Club

was holding its banquet. To entertain them and incidentally to honor their selected Uncle Remus, Hatch Graham, Bill Hatch, Harold Hynes and the Majestic Bix, all of whom you have heard many times from KHJ and with whose brand of snappy entertainment you are familiar. A pianist would soon succumb to the lure of their respective talents.

**K-H-J The Times**

TODAY'S PROGRAM

Friday, January 30, 1925

12:30 to 1:15, Perry's Orchestra, under the direction of H. E. Perry.

2:30 to 3:30, Matinee program through the courtesy of the Pacific States Electric Company, presenting Mary Newkirk Bower, soprano; Grace Curry, harpist, and George Head, reader.

6:00 to 6:30, Art Hickman's Concert Orchestra, playing at the Biltmore Hotel.

6:30 to 7:30, The children's hour will present Prof. Walter Sylvester Harpist in his American history story; Richard Headrick, screen juvenile; Viola Von, screen juvenile; Italia Terrell, 11-year-old reader.

7:30 Through the courtesy of the Santa Fe Railroad Miss Gladys De Witte will give the third in her series of talks on "The Romance of the Santa Fe Trail."

8:00 to 10:00, Program through the courtesy of an appreciative listener-in, arranged by A. Allison Phelps, the radio philosopher, and presenting the Burkman Brothers' Hawaiian Quartet, Helen Mead Little, flute; Len Roscoe, pianist; F. O. (Jack) Dille, banjo; the Titan Trio, and G. Allison Phelps, the radio philosopher.

10:00 to 11:00, Art Hickman's Dance Orchestra, playing at the Biltmore Hotel.

# Diet and Health

By Luke Hunt Peters, M.D.

## ANSWERS TO MOTHERS

Q: Are eggs as nourishing as when first hatched? A: No, they are not. The yolk is the most nourishing part of the egg, and it is this that is lost when the egg is hatched. The white of the egg is mostly water and is of little value. The yolk is the part that should be eaten, and it should be eaten in its natural state, without any cooking or seasoning. It is the best food for infants and young children.

## NOT JUST SOMETHING TO EAT

Q: Is it better to eat a little of everything or a lot of one thing? A: It is better to eat a little of everything. The human body is made up of many different parts, and each part needs different kinds of food to keep it healthy. If you eat only one kind of food, you will not get all the nutrients that your body needs. It is important to eat a variety of foods, including fruits, vegetables, grains, and meats, to keep your body healthy and strong.

## Shredded Wheat

Q: Is shredded wheat good for you? A: Yes, shredded wheat is a very healthy food. It is made from whole wheat and is high in fiber, which helps to keep your digestive system healthy. It is also a good source of energy and can help to keep you feeling full and satisfied. Shredded wheat is a great food to eat for breakfast or as a snack.

## Wrinkles Removed

Q: How can I remove wrinkles from my face? A: There are many ways to remove wrinkles from your face. One of the best ways is to use a good quality facial cream. These creams are designed to moisturize your skin and help to prevent wrinkles from forming. You can also use natural remedies, such as lemon juice or cucumber slices, to help reduce the appearance of wrinkles. It is important to take care of your skin from a young age to prevent wrinkles from forming in the first place.

## Big Change in Face Powder

Q: What are the benefits of face powder? A: Face powder has many benefits for your skin. It can help to absorb excess oil and keep your skin looking matte and fresh. It can also help to protect your skin from the sun and other environmental factors. There are many different types of face powder available, so it is important to choose one that is suitable for your skin type. Face powder is a great addition to any makeup routine.

## Important to Milk Consumers

Q: Why is it important to choose good milk? A: Choosing good milk is important for your health. Milk is a source of many essential nutrients, including calcium, protein, and vitamins. It is important to choose milk that is fresh and has been properly pasteurized. You should also look for milk that is produced by healthy cows and is free from any additives or preservatives. Good milk is essential for a healthy diet.

## Whole Truth About Milk

Q: What are the benefits of drinking milk? A: Drinking milk has many benefits for your health. It is a good source of calcium, which is essential for strong bones and teeth. It is also a good source of protein, which helps to build and repair your muscles. Milk is also easy to digest and is a great food for infants and young children. Drinking milk is a healthy habit that can help to keep you strong and healthy.

## For ex-Official of Culver City

Q: What are the benefits of a healthy diet? A: A healthy diet has many benefits for your health. It can help to prevent chronic diseases, such as heart disease, diabetes, and obesity. It can also help to improve your energy levels and keep you feeling good. A healthy diet should include a variety of fruits, vegetables, grains, and proteins. It is important to eat in moderation and to avoid too much sugar, salt, and fat. A healthy diet is essential for a healthy life.

# First Photographs From Strife-Torn Herrin, Ill.

**Soldiers Again Rule Herrin**—National Guardsmen manning a machine gun outside the City Hall at Herrin, Ill., are shown in the above photo. State troops were called into the war-torn little town after the shooting of S. Glenn Young and three others recently. (P. & A. photo.)

**Has a Fine Job**—Mayor C. E. Anderson of Herrin is permitted little peace by the warring Klan and anti-Klan factions in the little Illinois town. Troops have several times been sent in to Herrin to quell serious outbreaks. (P. & A. photo.)

**Crowds Seek View of Bodies**—Outside the undertaking parlors at Herrin the bodies of Young and his two Klan companions were taken after the clash of several days ago, great crowds gathered in the hope of getting a view of the bodies. (P. & A. photo.)

**Enter Letter-Writing Contest**—Philip Norton (second from left), president of the sales division, Los Angeles Realty Board; Tom Ingersoll (left), H. B. Johnson (right) and E. L. Farmer, all prominent local realtors, are pictured above pledging themselves to write friendly California letters.

**Draft Dodger's Aide Gives Up**—Eugene Stecker, chauffeur, who helped Grover Bergdoll to escape in 1920, surrendered to Federal officers in Philadelphia, ending long chase.

**Desert Boating Plant Destroyed**—Upper left: Sky divers advancing on the moonshiners' camp in the desert. Upper right: Burning distillery, near the Bulky of Lancaster holds midnight court. Photo shows (left to right) George Hagan, the sheriff, Constable Cummings, H. P. Warren, and Justice Bulky. Lower left: Constables and sheriffs (right) inspect seized liquor store.

**Lincoln High School Loses Student Celebrities**—Listed among the 116 members of the midwinter graduating class at Lincoln High are Fidel La Barba, Olympic flyweight boxing champion, and Mrs. Esther Melinkoff, the youthful mother of two children, who has completed the four-year course in two and a half years. La Barba is president of the class. The class outnumbers the midwinter class of 1924 by twenty-two members. Graduation exercises were held last night at the school auditorium, President Robert A. Odell of the Board of Education, presenting the diplomas. (Photo by Brown Photo Service.)

**Franklin High School Graduates Sixty**—Sixty members of the graduating class at Franklin High School received diplomas in the school gymnasium last night at the hands of Principal Charles B. Moore. The class this year is exactly the size of the class which left the school at the close of the midyear semester last year. Harry F. Henderson, general secretary of the Los Angeles Y.M.C.A., was the principal speaker on the program. (Photo by Brown Photo Service.)

## HUNT FIEND IN PASADENA

Attack on Little Girl Stirs City

Thrd. Offense of Similar Character

Officers Have Lead to Man's Identity

By a "Times" Staff Correspondent  
PASADENA, Jan. 29.—Police and deputy sheriffs today inaugurated a sweeping man hunt for a Pasadena schoolgirl. This is the third case of girl attack believed to have been committed by the man who is described as about 40 years of age, dark-skinned, and brutally attacked a 6-year-old Pasadena schoolgirl. This is the third case of girl attack believed to have been committed by the man who is described as about 40 years of age, dark-skinned, and brutally attacked a 6-year-old Pasadena schoolgirl.

It was little Ellen Rittenburg's first day in school. According to Deputy Sheriff A. B. White, who is conducting the hunt, the 6-year-old girl was on her way to school when the elderly man driving a light sedan induced her to ride on the prom of a car. Instead of taking the child to her home as he promised the man drove her around for nearly two hours. Finally, according to the attack on a lonely road in Altadena. The girl was then dropped from the car by the elderly man and with her clothes torn to shreds.

The child's parents, Mr. and Mrs. J. Rittenburg, 1441 Westbury Road, immediately notified the police and at a late hour last night a number of police officers, deputy sheriffs and deputy sheriffs secured the neighborhood in the vicinity of the crime.

Several months ago two young Altadena girls were mistreated, presumably by the same man, police records show. He had been seen in a similar way and carried them away to a secluded spot. Special officers were placed on duty in the northern section of the city and will personally escort children to and from school until the offender is apprehended, it was declared today.

Knowing that such a band in loose in the city has a number of parents to alert they will not allow their children to walk to school without escorts. Every effort will be made by local officers to trap the man. Besides a complete description, police have another important lead which may lead to an early arrest, they say. This is a peculiar kind of candy wrapper. Candy has always been the bait of the fiend in getting the children into his car.

The man is described as being 40 years of age, wears a gray stubble beard and always drives a Ford car. He never looks older than 30 or young women, it is said, but confesses his attacks to schoolgirls of the first and second grades. Deputy Sheriff White has command of the searching parties.

## SPECIMENS FOR ZOO

San Diego Adds Animals From Australia

Many 200 specimens of Australian birds and animals have been added to the San Diego zoo as the result of a successful mission headed by T. N. Paulson, director of the local gardens.

Included among the collection of animals are two Koala bears, said to be the only ones ever brought to this country. The Koala bear is a midwife in comparison with native bears, and is a tree-dwelling animal. The Australian bear is the model from which the famous "Teddy Bear" toy, Paulson said, a special permit had to be secured from the Australian government to trap the bear, as there is a perpetual closed season on the animals in that province.

Kangaroos and emus are other interesting additions to the zoo. Paulson took a collection of rather common American animals and birds to Australia, and exchanged them for specimens of wild life there. The mission was financed by John D. Burrell, one of the most enthusiastic patrons of the San Diego zoo.

## THREE DEATHS DAYS TOLL IN IMPERIAL

EL CENTRO, Jan. 29.—R. M. Guevay, San Diego contractor, was killed when his car left the concrete highway near Plaster City and overturned in the sand. He was slain at the time of the accident.

Frank M. McGroarty, colored, was almost instantly killed when several lengths of heavy cast iron water pipe fell upon him when he was employed at unloading the pipe from a truck.

B. Ruiz, Mexican laborer, died today as the result of drinking poisoned bottle whiskey. His wife and four small children are being cared for by the county.

## EIGHT CONTRACTORS BUILD CITY SEWERS

GLENDAL, Jan. 29.—The construction of Glendale's main line sewer system will be carried out in eight contracts, according to a decision reached by the city officials and the citizens' advisory sewer committee. The large contract to be divided into the smaller units in order to permit contractors in business on a relatively smaller scale than the large firms to secure a share of the business. It is believed that money can be saved to the city by this method.

The plans and specifications for the main line sewer, as submitted by the engineers, Burns, McDonough and Smith Company, have been approved by the officials and the necessary resolutions of approval will be drawn and acted upon by the Council next week.

## SLAPS AT METHOD OF TAXATION

Economic Expert Talks to Redlands Club on Subject of Inheritances

REDLANDS, Jan. 29.—Albert W. Atwood, nationally known writer on economic subjects, who is spending the winter in Redlands, spoke before the Kiwanis Club today on "The Inheritance Tax."

Many people in California seem rather disturbed over the action of Florida, which is bidding for rich real estate. The recent change in its constitution forbidding the imposition of any State income or inheritance tax. Then, too, there is no subject in which interest is spreading more rapidly than in inheritance taxes. People are just beginning to learn the extent and the importance of this tax and how it may affect the future welfare of their families, their investments, wills and life insurance.

Inheritance taxes have spread like wildfire and are imposed by all the States except Florida, and Alabama and also by the Federal government. Legislators have taken on it up because it looks easy and painless and it has hardly been pushed to a point where a revolt like that of Florida may occur in other States. In moderation it is a wise measure.

"Unfortunately, the country has run crazy with this kind of result to date have been unevenness, inequity, duplication, multiplication, overlapping, complexity. A few shares of stock may be taxed in five different States, and the expense in getting valuations, releases, equity secured to the estates of the country than the States act like pirates, fighting among themselves to establish the residence of a deceased person and taking all they can without justice or mercy."

## RETURNS HIMSELF TO PRISON LIFE

ILLINOIS CONVICT STARTS ON LONG TRIP EAST OF HIS OWN VOLITION

SANTA BARBARA, Jan. 29.—Harry M. Davis, prisoner, started a long, but voluntary trip to Menard, Ill., in hope that when he arrives there he will be returned to the penitentiary to clear his conscience.

Davis attempted with success to surrender to officers yesterday. He informed police that he was wanted by the Illinois authorities and telegraphic communication with the Southern Illinois penitentiary substantiated his statement. The eastern officials refused to send for the surrendered prisoner because of the expense. Davis was released and told to go his way.

"I'll go, all right," he told the police, "but I'll go straight to Menard and give myself up to the law."

## FIRE CAUSES DEATH

Aged Man Dies from Exposure Due to Blast

POMONA, Jan. 29.—Jesus Tharrs, 82 years of age, and a native of Pomona, Calif., died last night from illness made critical by a fire of mysterious origin, which Tuesday night destroyed his ranch home west of Pomona, and from which he barely escaped.

Deputy sheriffs, aided by Constable Schuyler H. Park, are investigating circumstances surrounding the blaze and the whereabouts Tuesday night of a youth living in the Tharrs home, when a large ranch house on the Otterbein Road, eight miles west of this city was carried from the blazing house by his children who escaped injury.

Jesus Tharrs was a resident of Pomona Valley until his wife, having been born on the ranch where the present home is located and was a long-time resident of the surrounding country. His body lies at the Todd & Reeves morgue awaiting funeral arrangements.

## RING FULL OF HATS

New Candidate Enters Race for Office

POMONA, Jan. 29.—Selected by a large group of business and professional men as their choice for the city's chief executive and pledged to conduct a "business administration" Schuyler H. Park, is the latest candidate for the office of Mayor.

His announcement was made after petitions signed by sixty representative Pomona residents asking that he accept their support and their endorsement for the office of Mayor. "I have no formal statement to make," said Mr. Park today. "Others than I recognize the obligation of a citizen when placed in this position and that I shall do my best if elected to give the city a business-like administration."

Mr. Park is a native of New Jersey and received his higher education at Princeton University, specializing in business studies. He came to Pomona in 1926.

YEGGS FLY TRADE  
OXNARD, Jan. 29.—The third of a series of burglaries here was perpetrated last night when the Ed Clorne home was robbed by two bandits believed to have been those who burglarized the J. Dieffenbach tailor shop Tuesday night and the W. C. Heck home Wednesday.

## Pantomime—The Height of Precaution

By J. H. Striebel

## Teacher Denies Plea of Guilt Was the Truth

UPLAND, Jan. 29.—With Egbert B. Clark, well-known Chaffey High School teacher, at his home here and at liberty on bail, the situation following his recent arrest in Westlake Park, Los Angeles, in the conviction in that city on a social vagrancy charge, took on a different aspect today.

Although Clark was sentenced to serve six months in jail following his admitted confession of guilt, friends who are investigating the case declared that the facts so far disclosed do not sustain these charges.

The instructor, who could not be reached this afternoon, is quoted as having informed friends of his that he was sitting in the park waiting for the time to pose until an hour which he had an appointment in the vicinity, when he was unwittingly gotten into a compromising position and charged with the act.

There, he is said to have been informed that the case against him was being handled by the police and that he would enter a plea of guilty, he would enter a plea of guilty and draw a fight. "I'll go straight to Menard and give myself up to the law."

He is said to have been informed that the case against him was being handled by the police and that he would enter a plea of guilty, he would enter a plea of guilty and draw a fight. "I'll go straight to Menard and give myself up to the law."

## CENSUS TAKER LAUDS VALLEY ACRE FARMS

LANKERSHIM, Jan. 29.—Walter H. Hanks, Federal census taker, lauded the acre farms of the Department of Agriculture, who is completing his work in San Fernando Valley, today stated he was astonished at the success that is being made by acre and two-acre ranches in this section. He said he has visited several hundreds of such ranches whose owners are making good livings raising poultry, rabbits, pigeons and berries. He added that 75 per cent of those who own such acre farms are making a good living, or because they are trying to hold down a job somewhere else while trying to run the ranch. Mr. Hanks predicted there will be considerable acre farms coming from San Fernando Valley, where he has seen as high as \$1500 a year, net returns. "What I have seen," he said, "is that the acre farms have the man with the shadled job badly beaten. I see a greater development in this line, and I predict there will be considerable acre farms coming from San Fernando Valley within the next few years."

## DEATH DARKENS POMONA HOMES

POMONA, Jan. 29.—Death claimed two prominent Pomona residents today when Mrs. Hattie F. Brown, wife of W. E. Brown, and Joseph T. Laughlin passed away within two hours of each other. By a strange coincidence, the deceased was taken to the hospital by a nurse who was the same as the nurse who had taken Mrs. Brown to the hospital.

Both Mr. Laughlin and Mrs. Brown had lived in Pomona more than twenty years and were approximately the same age. Laughlin being 65 years of age, and Mrs. Brown, 64 years of age. Mrs. Brown is survived by her husband and six children.

Justice E. Patterson is in charge of the funeral arrangements for Mrs. Brown, arrangements not yet having been completed. Like Mrs. Brown, Mr. Laughlin also leaves a large family, his wife and seven children.

## TELL THE WORLD OVER THE RADIO

GLENDAL, Jan. 29.—Glendale's share in the campaign to combat the misleading propaganda that has been circulated regarding California is a plan to launch a sustained radio broadcasting program that will carry the truth about Southern California to all sections of the United States.

A letter addressed to the City Council urging that such a campaign be undertaken has been referred to the Chamber of Commerce with the recommendation that suitable action be taken through the chamber's radio committee that is broadcasting monthly programs.

## City Demands Money Derived From Prisoners

PRISON, Jan. 29.—In an effort to obtain a definite decision as to disposition of fines and forfeitures collected by city recorders for State violations of liquor laws, the City of Coalinga has filed a petition for a writ of mandamus against its Recorder, J. Shaw, in the District Court of Appeals.

Discontinuance of enforcement of the Wright Act and other misdemeanor provisions of California statutes will be forced upon cities of the sixth class unless the cities are permitted to retain fines collected for such enforcement, it is pointed out in the petition.

The petition for the writ to compel Shaw to turn the money into the city treasury rather than into the hands of the Recorder, is based upon an opinion by Dist. Atty. George R. Lovejoy, and concurred in by the city recorder, J. Shaw, in the District Court of Appeals.

This condition among the local young people came to light as a result of the discovery of a large cave on the outskirts in the city, which officers first suspected of being a "blind" place. The cave was seen returning to her home one night and is declared to have later been used by the city recorder, J. Shaw, in the District Court of Appeals.

## CONDUCTOR KILLED

Workmen Find Body Lying on Right of Way

BAKERSFIELD, Jan. 29.—The body of Thomas Cooper, well-known Bakersfield railroad man and a conductor with the Southern Pacific Railroad since 1912, was found by section hands lying beside the track a short distance this side of Bealeville today. The body was cut in two, the wheels of railroad cars having passed over it.

The conductor, serving as head brakeman, left Mojave early today with freight No. 135, his charge of Conductor G. L. French and Engineer P. A. Pasente. At Caliente other members of the crew missed Cooper and telephoned back to Bealeville. Members of a section gang were sent out to look for the missing railroader and found his severed body lying beside the track.

## PREPARE FOR TRIAL

Railroad Attorneys Confer on Eve of Damage Suit

BAKERSFIELD, Jan. 29.—To determine the approximate time for the hearing of damage suits against the Santa Fe Railroad aggregating \$150,000, Attorney E. J. Emmons of Bakersfield will go to San Francisco next week to confer with the railroad company representing the plaintiffs in the various actions against the railroad company.

Following the outcome of the famous Jesus Medina trial, when the Little Mexican was tried on a charge of having spilled a switch on Shattuck spur, causing the fast southbound Santa Fe train to crash over the siding and metamorphose into a thing of death for the fireman and engineer, complaints asking judgment against the railroad company were filed in Superior Court.

The charges against Medina were dismissed by the District Attorney after a long and sensational trial.

Widow of Fireman Waugh and Engineer Runyan, who went to death on the ill-fated train, have filed the largest suits against the railroad company, alleging that, due to negligence on the part of the company, the accident occurred.

## MAY HALT NEWEST HIGHWAY

Montecito Property Owners File Protest Against Road Proposed by State

SANTA BARBARA, Jan. 29.—The plan of the State Highway Commission to build an eighty-foot road between Ventura and Santa Barbara will be halted by property owners in Montecito and Summerland when the highway engineers start proceedings to obtain rights of way.

Owners of Montecito estates have retained legal counsel to file a protest with the commission, while members of the Board of Supervisors have assured that they will not favor the change unless the State obtains the right of way which probably will cost approximately \$100,000.

Division Engineer Gibson of the Highway Commission has informed the Supervisors that the State has appropriated \$100,000 to improve the section of the road in Santa Barbara county this year.

Objection to the improvement is based on the demand of the commission for increasing the right of way from sixty to eighty feet. In addition to this, elimination of minor curves would necessitate the removal of several magnificent residences in Montecito. It is said.

The plan of the State to widen the present twenty-eight-foot road and make a comparatively straight alignment between Santa Barbara and Rincon, lessening the actual travel time to Los Angeles by several minutes.

According to engineers the wide road will eventually be necessary to carry the heavy traffic that will travel on the Coast Highway between Los Angeles and San Francisco.

## EXPERT TO PLAN FUTURE SAN DIEGO

SAN DIEGO, Jan. 29.—John Nolen of Boston, a noted city planner, has been selected to plan the future of San Diego.

Nolen has been selected to plan the future of San Diego. He will proceed immediately to advise the City Council and a committee of civic leaders regarding the future of the city. Nolen will outline his plans at a series of conferences starting Monday.

"The most important plans for San Diego to consider," Nolen said, "are the widening of the main highway system as distinguished from the development of a single park, and the changing of traffic arteries to provide for the maximum of traffic with the development of the city. These problems are important and approximately in the order in which they should all be considered."

## Tulare Maiden Used Cave for Night Revels

TULARE, Jan. 29.—Neva Pauline Cleveland, 15-year-old Tulare schoolgirl, who, according to officers, has implicated eleven Tulare young men and boys in an asserted wild party, has been adjudged a ward of the Juvenile Court, and sent to the Tulare County Detention Home by Juvenile Judge J. A. Allen.

This condition among the local young people came to light as a result of the discovery of a large cave on the outskirts in the city, which officers first suspected of being a "blind" place. The cave was seen returning to her home one night and is declared to have later been used by the city recorder, J. Shaw, in the District Court of Appeals.

Eight of the eleven young men and boys have been charged with a statutory offense. Several of the men under investigation are in the custody of the Sheriff's Office. The others have been released on their own recognizance.

## CONDUCTOR KILLED

Workmen Find Body Lying on Right of Way

BAKERSFIELD, Jan. 29.—The body of Thomas Cooper, well-known Bakersfield railroad man and a conductor with the Southern Pacific Railroad since 1912, was found by section hands lying beside the track a short distance this side of Bealeville today. The body was cut in two, the wheels of railroad cars having passed over it.

The conductor, serving as head brakeman, left Mojave early today with freight No. 135, his charge of Conductor G. L. French and Engineer P. A. Pasente. At Caliente other members of the crew missed Cooper and telephoned back to Bealeville. Members of a section gang were sent out to look for the missing railroader and found his severed body lying beside the track.

## CONDITIONS IMPROVE ON MEXICAN BORDER

SAN DIEGO, Jan. 29.—Conditions along the international border between San Diego and El Paso are 50 per cent better than two years ago, according to R. C. White, Assistant Secretary of Labor, who is here on a general inspection tour which started at New Orleans. He is accompanied by Walter Carr of the Los Angeles Immigration Office.

The smuggling problem is being met at all points along the border in a satisfactory manner, he said. He will leave tomorrow for San Antonio.

## DEFENDANTS OF OLD LATIN

The romance languages are those that are derived not so much from the classical Latin as from the Latin dialects spoken in various Roman provinces. The principal ones are the Italian, French, Provençal and Spanish.

## AMERICAN A SIMP

Dr. Medicine

Have More
